TO MY FELLOW SHAREHOLDERS,

You are cordially invited to attend the Annual Meeting of Stockholders of Tradeweb Markets Inc., which will be held virtually at 9 a.m., Eastern Time, on Tuesday, May 19, 2026, at www.virtualshareholdermeeting.com/TW2026.

The accompanying Notice of the Annual Meeting of Stockholders and Proxy Statement describes the formal business that we will transact at the virtual Annual Meeting.

We are furnishing our proxy materials over the Internet in accordance with the rules of the U.S. Securities and Exchange Commission (“SEC”). Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the “Notice”), rather than a full paper set of the proxy materials, unless you previously requested to receive printed copies. The Notice contains details regarding the date, time and location of the meeting and the business to be conducted, as well as instructions on how to access our proxy materials on the Internet and for voting over the Internet.

Whether or not you plan to virtually attend the Annual Meeting, please vote your shares promptly by following the voting instructions that you have received. **Your vote is important regardless of the number of shares you own. Voting by proxy will not prevent you from voting virtually at the Annual Meeting, but will assure that your vote is counted if you cannot virtually attend.**

On behalf of the Board of Directors and the employees of Tradeweb Markets Inc., we thank you for your continued support and look forward to seeing you at the virtual Annual Meeting.

Sincerely,

NOTICE OF 2026 VIRTUAL ANNUAL MEETING OF STOCKHOLDERS

To Our Stockholders:

We are pleased to invite you to attend the 2026 Annual Meeting of Stockholders (the “Annual Meeting”) of Tradeweb Markets Inc. (“Tradeweb” or the “Company”) that will be held virtually at 9 a.m., Eastern Time, on Tuesday, May 19, 2026, at www.virtualshareholdermeeting.com/TW2026 for the following purposes:

1. To elect the three nominees for director named in the attached Proxy Statement as Class I directors, each to serve on the Board of Directors for a three-year term until the 2029 Annual Meeting of Stockholders and until their respective successors are elected and qualified (Proposal 1);
2. To ratify the appointment of Deloitte & Touche LLP (“Deloitte”) as our independent registered public accounting firm for the fiscal year ending December 31, 2026 (Proposal 2);
3. To approve, on an advisory basis, the compensation of our named executive officers (Proposal 3);
4. To approve an amendment to the Amended and Restated Certificate of Incorporation (the “Certificate of Incorporation”) to limit the liability of certain officers as permitted by Delaware law and make certain other clarifying changes (the “Exculpation Amendment”) (Proposal 4);
5. To approve an amendment to the Certificate of Incorporation to add a federal forum selection provision for claims arising under the Securities Act of 1933, as amended (the “Federal Forum Selection Amendment”) (Proposal 5); and
6. To transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

The Board of Directors unanimously recommends that you vote (i) “FOR ALL” of the director nominees named in the attached Proxy Statement, (ii) “FOR” the ratification of the appointment of Deloitte as our independent registered public accounting firm, (iii) “FOR” the approval, on an advisory basis, of the compensation paid to our named executive officers, (iv) “FOR” the Exculpation Amendment and (v) “FOR” the Federal Forum Selection Amendment.

The Board of Directors has fixed March 20, 2026 as the record date for determining stockholders entitled to receive notice of, and to vote at, the virtual Annual Meeting or any adjournment or postponement thereof. Only stockholders of record at the close of business on that date will be entitled to notice of, and to vote at, the Annual Meeting. Holders of outstanding shares of Class A common stock, Class B common stock, Class C common stock and Class D common stock vote together as a single class on all matters on which stockholders are entitled to vote generally (except as may be required by law). Each share of Class A common stock and Class C common stock entitles its holder to one vote on all matters presented to the Company’s stockholders generally. Each share of Class B common stock and Class D common stock entitles its holder to 10 votes on all matters presented to the Company’s stockholders generally.

The Board of Directors has again determined to hold the Annual Meeting virtually. We believe that this is the right choice for the Company as it provides expanded stockholder access regardless of the size of the Annual Meeting or resources available to stockholders, improves communication and allows participants to attend the Annual Meeting conveniently from any location at no additional cost. The Company has endeavored to provide stockholders attending the Annual Meeting with the same rights and opportunities to participate as they would at an in-person meeting.

You are cordially invited to virtually attend the Annual Meeting, conducted virtually via live audio webcast at www.virtualshareholdermeeting.com/TW2026, to vote on the proposals described in this Proxy Statement, view the list of registered stockholders on the Annual Meeting website and submit questions during the meeting. Your vote is important. Regardless of whether or not you participate in the Annual Meeting, we hope that you vote as soon as possible. You may vote online or by phone, or, if you received paper copies of the proxy materials by mail, you may also vote by mail by following the instructions on the proxy card or voting instruction card. Voting online or by phone, written proxy or voting instruction card ensures your representation at the Annual Meeting regardless of whether you attend online. For additional details, see “Voting and Attendance at the Annual Meeting” below. This Proxy Statement provides detailed information about the Annual Meeting. We encourage you to read this Proxy Statement carefully and in its entirety.

By Order of the Board of Directors,

Douglas Friedman
Chief Legal Officer

PHILOSOPHY AND OBJECTIVES

Maintain a pay-for-performance culture	Annual pay opportunities emphasize variable performance-based compensation with metrics aligned to the Company's financial results, stock price and business strategy, promoting a high degree of performance orientation in our executive compensation program.
Foster long-term alignment with stockholders	Outstanding equity awards in the form of annual time-vesting restricted stock units (“RSUs”), PRSUs that vest based on Company financial performance and PSUs that vest based on TSR achievement, directly tie pay outcomes to value creation, aligning executive and stockholder interests. In addition, senior management and non-employee directors are subject to stock ownership guidelines.
Attraction and retention	Our executive compensation program provides overall target compensation that is intended to attract and retain high-caliber talent. In addition, our long-term incentive awards are granted on varying vesting schedules, continually ensuring that a portion of previously granted equity remains unvested.
Reflect internal equity considerations	Compensation decisions are made in the context of individual factors and pay equity, fostering growth and motivation through a flexible compensation design.

FORWARD-LOOKING STATEMENTS AND REFERENCES TO WEBSITES

This document includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, concerning expectations, beliefs, plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements that are other than statements of historical fact. Although we believe that the expectations and assumptions reflected in these statements are reasonable, there can be no assurance that these expectations will prove to be correct. Forward-looking statements are subject to many risks and uncertainties, including the risk factors that we identify in our SEC filings and actual results may differ materially from the results discussed in such forward-looking statements. We undertake no duty to update publicly any forward-looking statement that we may make, whether as a result of new information, future events or otherwise, except as may be required by applicable law, regulation or other competent legal authority. Information contained on our website, or any website that is linked to or otherwise referenced herein, is not incorporated into, or a part of, this Proxy Statement, and any such website references throughout this Proxy Statement are provided for convenience only.

OUTSTANDING SECURITIES AND QUORUM

Only holders of record of our Class A common stock, Class B common stock, Class C common stock and Class D common stock (each such designation having par value \$0.00001 per share) at the close of business on March 20, 2026 (the record date) will be entitled to notice of, and to vote at, the Annual Meeting. On that date, we had 116,035,961 shares of Class A common stock outstanding and entitled to vote, 96,933,192 shares of Class B common stock outstanding and entitled to vote, 18,000,000 shares of Class C common stock outstanding and entitled to vote and 5,056,868 shares of Class D common stock outstanding and entitled to vote. Holders of outstanding shares of Class A common stock, Class B common stock, Class C common stock and Class D common stock vote together as a single class on all matters on which stockholders are entitled to vote generally (except as may be required by law).

Each share of Class A common stock and Class C common stock entitles its holder to one vote on all matters presented to the Company’s stockholders generally. Each share of Class B common stock and Class D common stock entitles its holder to 10 votes on all matters presented to the Company’s stockholders generally. The holders of Class C common stock and Class D common stock have no economic interests in the Company (where “economic interests” means the right to receive any dividends or distributions, whether cash or stock, in connection with common stock). These attributes are summarized in the following table:

Class of Common Stock	Par Value	Votes	Economic Rights
Class A common stock	\$0.00001	1	Yes
Class B common stock	\$0.00001	10	Yes
Class C common stock	\$0.00001	1	No
Class D common stock	\$0.00001	10	No

All of the shares of our outstanding Class B common stock and Class C common stock are currently held by an indirect subsidiary (the “Refinitiv Direct Owner”) of Refinitiv Parent Limited (“Refinitiv”). On January 29, 2021, the London Stock Exchange Group plc (“LSEG”) acquired the Refinitiv business. Following the consummation of such transaction, LSEG became the controlling stockholder of Refinitiv, and Refinitiv continues to be the controlling stockholder of Tradeweb, holding approximately 89.9% of the combined voting power of our Class A common stock, Class B common stock, Class C common stock and Class D common stock as of the record date. References to LSEG herein include Refinitiv. LSEG has advised us that it intends to vote all such shares for the election of each of the nominees to the Board named herein, the ratification of the appointment of our independent registered public accounting firm, the approval, on an advisory basis, of the

compensation paid to our named executive officers, the approval of the Exculpation Amendment and the approval of the Federal Forum Selection Amendment.

A majority of the voting power of the issued and outstanding Class A common stock, Class B common stock, Class C common stock and Class D common stock entitled to vote at the Annual Meeting, present virtually or represented by proxy, constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes (as discussed below) will be included in determining the presence of a quorum at the Annual Meeting.

INTERNET AVAILABILITY OF PROXY MATERIALS

We are furnishing proxy materials to some of our stockholders via the Internet by mailing the Notice instead of mailing printed copies of those materials. The Notice directs stockholders to a website where they can access our proxy materials, including this Proxy Statement and our combined Annual Report to Stockholders and Annual Report on Form 10-K for the fiscal year ended December 31, 2025 (the “2025 Annual Report”) and view instructions on how to vote via the Internet or by telephone. If you received a Notice and would prefer to receive a paper copy of our proxy materials, please follow the instructions included in the Notice. If you elect to receive our future proxy materials electronically, you will receive access to those materials via email unless and until you elect otherwise.

PROXY VOTING

Shares that are properly voted via the Internet or by telephone or for which proxy cards are properly executed and returned will be voted at the Annual Meeting in accordance with the directions given or, in the absence of directions, will be voted in accordance with the Board’s recommendations as follows: “FOR ALL” of the director nominees named in this Proxy Statement, “FOR” the ratification of the appointment of our independent registered public accounting firm, “FOR” the approval, on an advisory basis, of the compensation paid to our named executive officers, “FOR” the approval of the Exculpation Amendment and “FOR” the approval of the Federal Forum Selection Amendment. It is not expected that any additional matters will be brought before the Annual Meeting, but if other matters are properly presented, the persons named as proxies in the proxy card or their substitutes will vote in their discretion on such matters.

The manner in which your shares may be voted depends on how your shares are held. If you own shares of record, meaning that your shares are represented by certificates or book entries in your name so that you appear as a stockholder on the records of Equiniti Trust Company, LLC, our stock transfer agent, you may vote by proxy, meaning you authorize individuals named in the proxy card to vote your shares. You may provide this authorization by voting via the Internet, by telephone or (if you have received paper copies of our proxy materials) by returning a proxy card. In these circumstances, if you do not vote by proxy or virtually at the Annual Meeting, your shares will not be voted. If you own shares in street name, meaning that your shares are held by a bank, brokerage firm or other nominee, you may instruct that institution on how to vote your shares. You may provide these instructions by voting via the Internet, by telephone or (if you have received paper copies of our proxy materials) by returning a voting instruction form received from that institution. In these circumstances, if you do not provide voting instructions, we expect that the institution may nevertheless vote your shares on your behalf with respect to the ratification of the appointment of Deloitte as our independent registered public accounting firm for the fiscal year ending December 31, 2026, but cannot vote your shares on any other matters being considered at the Annual Meeting. We encourage you to provide voting instructions to your bank, brokerage firm or other nominee.

VOTING STANDARD

With respect to the election of directors (Proposal 1), a nominee for director will be elected to the Board by a plurality of the votes cast in respect of the shares of common stock present virtually or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. A plurality vote requirement means that the three director nominees with the greatest number of votes cast “FOR” such nominees are elected as directors. You may vote “FOR ALL”, “WITHHOLD ALL” or “FOR ALL EXCEPT” a director nominee. Votes that are withheld are not considered votes cast for the foregoing purpose and will have no effect on the outcome of the election. Similarly, broker non-votes, if any, are not considered votes cast for the foregoing purpose, and will have no effect on the outcome of the election.

With respect to the ratification of the appointment of Deloitte as our independent registered public accounting firm for the fiscal year ending December 31, 2026 (Proposal 2), the affirmative vote of the holders of a majority of the voting power of the shares of stock present virtually or represented by proxy and entitled to vote on the matter is required to approve the matter. With respect to Proposal 2 you may vote “FOR”, “AGAINST” or “ABSTAIN”. For this matter, abstentions are counted as present at the Annual Meeting and entitled to vote and will have the effect of a vote “AGAINST” the Proposal. We do not expect broker non-votes with respect to this Proposal since brokers are expected to be able to exercise their discretion to vote uninstructed shares on this Proposal.

With respect to the approval, on an advisory basis, of the compensation of our named executive officers (Proposal 3), the affirmative vote of the holders of a majority of the voting power of the shares of stock present virtually or represented by proxy and entitled to vote on the matter is required to approve the matter. With respect to Proposal 3 you may vote “FOR”, “AGAINST” or “ABSTAIN”. For this matter, abstentions are counted as present at the Annual Meeting and entitled to vote and will have the effect of a vote “AGAINST” the Proposal. Broker non-votes, if any, will have no effect on the outcome of voting on this Proposal.

With respect to the approval of each of the Exculpation Amendment and the Federal Forum Selection Amendment (Proposal 4 and Proposal 5, respectively), the affirmative vote of the holders of at least a majority of the voting power of all outstanding shares of stock of the Company entitled to vote on the matter, voting together as a single class, is required to approve each of the Proposals. With respect to each of Proposal 4 and Proposal 5 you may vote “FOR”, “AGAINST” or “ABSTAIN”. For these matters, abstentions are counted as present at the Annual Meeting and entitled to vote and will have the effect of a vote “AGAINST” these Proposals. Similarly, broker non-votes, if any, will have the same effect as a vote “AGAINST” these Proposals.

Brokers holding shares must vote according to specific instructions they receive from the beneficial owners of those shares. If brokers do not receive specific instructions, brokers may in some cases vote the shares in their discretion, but are not permitted to vote on certain proposals (and may elect not to vote) on any of the proposals unless you provide voting instructions. Voting your shares will help to ensure that your interests are represented at the meeting. We urge you to direct your broker, bank or other nominee regarding how to vote your shares on all proposals to ensure that your vote is counted. If you do not provide voting instructions and the broker is able to vote your shares on at least one matter and elects to vote your shares on such matter(s), it will result in a “broker non-vote” for the matters on which the broker does not vote.

The following table summarizes the above voting standards for the proposals on which we are asking you to vote at the Annual Meeting, along with the voting recommendations of our Board.

Proposal	Vote Required	Board Recommendation
Proposal 1: Election of Directors	A plurality of votes - nominees receiving the greatest number of votes cast “FOR” will be elected as directors	FOR ALL
Proposal 2: Ratification of the appointment of Deloitte as our independent registered public accounting firm for the fiscal year ending December 31, 2026	A majority of the voting power of the shares of stock present or represented by proxy and entitled to vote on the matter	FOR
Proposal 3: To approve, on an advisory basis, the compensation of our named executive officers	A majority of the voting power of the shares of stock present or represented by proxy and entitled to vote on the matter	FOR
Proposal 4: To approve the Exculpation Amendment	A majority of the voting power of all outstanding shares of stock entitled to vote on the matter, voting together a single class	FOR
Proposal 5: To approve the Federal Forum Selection Amendment	A majority of the voting power of all outstanding shares of stock entitled to vote on the matter, voting together a single class	FOR

VOTING AND ATTENDANCE AT THE ANNUAL MEETING

To attend the Annual Meeting, vote or submit questions during the Annual Meeting or view the list of registered stockholders during the Annual Meeting, stockholders of record will be required to visit the meeting website listed above and log in using their 16-digit control number included on their proxy card or Notice. Beneficial owners should review the proxy materials and their voting instruction form or Notice for how to vote in advance of, and how to participate in, the Annual Meeting. Specifically, if you are a beneficial owner and your voting instruction form or the Notice does not indicate that you may vote the shares through the www.proxyvote.com website, you should contact your bank, broker or other nominee (preferably at least five days before the Annual Meeting) and obtain a “legal proxy” (which will contain a 16-digit control number that will allow you to attend, participate in or vote at the Annual Meeting).

We encourage you to vote your shares in advance of the Annual Meeting by one of the methods described above, even if you plan to virtually attend the Annual Meeting. If you have already voted prior to the Annual Meeting, you may nevertheless change or revoke your vote at the Annual Meeting as described below. Only stockholders as of the record date (March 20, 2026) are entitled to virtually attend the Annual Meeting. Each stockholder may appoint only one proxyholder or representative to virtually attend on the stockholder’s behalf. On the day of the Annual Meeting, if you experience technical difficulties either during the check-in process or during the Annual Meeting, please call the technical support number that will be posted on the virtual meeting platform log-in page. Stockholders may submit questions during the Annual Meeting on the Annual Meeting website. More information regarding the question and answer process, including the number and types of questions permitted and how questions will be recognized and answered will be available in the meeting rules of conduct, which will be posted on the Annual Meeting website.

REVOCAATION

If you own common stock of record, you may revoke your proxy or change your voting instructions at any time before your shares are voted at the Annual Meeting by delivering to the Chief Legal Officer of the Company a written notice of revocation or a duly executed proxy (via the Internet or telephone, or by returning a proxy card) bearing a later date or by virtually attending the Annual Meeting and voting. A stockholder owning common stock in street name may revoke or change voting instructions by contacting the bank, brokerage firm or other nominee holding the shares or by obtaining a legal proxy from such institution and voting virtually at the Annual Meeting.

Proposal 1: Election of Directors

Our Board currently has 11 seats, divided into three classes: Class I, Class II and Class III. Each class consists of roughly one-third of the total number of directors:

- Our Class I directors are Scott Ganeles, Catherine Johnson and Daniel Maguire and their terms will expire at this Annual Meeting.
- Our Class II directors are Jacques Aigrain, Balbir Bakhshi, Paula Madoff and Rich Repetto and their terms will expire at the 2027 Annual Meeting.
- Our Class III directors are Steven Berns, William (“Billy”) Hult, Lisa Opoku and Rana Yared and their terms will expire at the 2028 Annual Meeting.

The Board proposes that each of Scott Ganeles, Catherine Johnson and Daniel Maguire be elected as Class I directors for new terms of three years each. Each nominee for director will, if elected, continue in office until the 2029 Annual Meeting and until the director’s successor has been duly elected and qualified or until the earlier of the director’s death, resignation, retirement, disqualification or removal. The proxy holders named on the proxy card intend to vote the proxy (if you are a stockholder of record) for the election of each of these nominees, unless you indicate on the proxy card that your vote should be cast against any of the nominees. Under SEC rules, proxies cannot be voted for a greater number of persons than the number of nominees named. Accordingly, proxies cannot be voted for greater than the three Class I seats open for election.

Each nominee has consented to be named as a nominee in this Proxy Statement and to serve if elected. If any nominee is not able to serve, proxies will be voted in favor of the other nominees and may be voted for a substitute nominee, unless the Board chooses to reduce the number of directors serving on the Board.

All of our current directors and director nominees were designated to serve on the Board by LSEG. Pursuant to LSEG’s director designation right as set forth in Section 2.1 of the Stockholders Agreement (as defined below) and the Board believes all of the nominees are qualified to serve on the Board and that their election is in the best interests of our stockholders. See “Certain Relationships and Related Person Transactions—Related Person Transactions Entered Into in Connection With the IPO—Stockholders Agreement” for additional information. Once designated by LSEG, the Nominating and Corporate Governance Committee evaluates the director nominee pursuant to our Director Qualification Standards set forth in our Corporate Governance Guidelines and then recommends the director nominee for approval by the full Board. Please see “Corporate Governance—Director Nominations and Qualifications” for further information.

The Board of Directors recommends a vote “FOR ALL” of the director nominees.

Corporate Governance

CONTROLLED COMPANY EXEMPTION AND DIRECTOR INDEPENDENCE

Our Board has affirmatively determined that each of Mr. Aigrain, Mr. Berns, Ms. Madoff, Ms. Opoku, Mr. Repetto and Ms. Yared is independent under the rules of the Nasdaq Global Select Market (“Nasdaq”) and SEC, including, with respect to members of each of the Audit and Risk Committee and the Compensation Committee, those applicable to such committee service. The following directors have not been determined to be independent: Mr. Hult, due to his role as our Chief Executive Officer; each of Mr. Bakhshi, Ms. Johnson and Mr. Maguire, due to their executive roles at LSEG, our controlling stockholder; and Mr. Ganeles, due to the Company’s relationship with an entity affiliated with Mr. Ganeles (please see “Certain Relationships and Related Party Transactions—Transactions with iAltA Capital Markets, LLC” for further information).

The Refinitiv Direct Owner and an indirect subsidiary of Refinitiv that, prior to the Reorganization Transactions, owned membership interests of TWM LLC and that continues to own common membership interests of TWM LLC (“LLC Interests”) after the completion of the IPO and Reorganization Transactions (the “Refinitiv LLC Owner”, and together with the Refinitiv Direct Owner, the “Refinitiv Owners”), who are parties to the Stockholders Agreement, hold Class B common stock, Class C common stock and Class D common stock collectively representing a majority of the combined voting power of our total outstanding common stock. As a result, we are a “controlled company” within the meaning of the corporate governance standards of Nasdaq. Under these corporate governance standards, a company of which more than 50% of the voting power is held by an individual, a group or another company is a “controlled company” and may elect not to comply with certain corporate governance requirements, including the requirement that a majority of its board consist of independent directors, the requirement that director nominations be made, or recommended to the full board, by its independent directors or by a nominations committee that is composed entirely of independent directors and the requirement that the compensation committee be composed entirely of independent directors.

We currently do not rely on the exemptions available to us as a controlled company. Currently, our Board consists of a majority of independent directors and all of our Board committees are comprised entirely of independent directors with independent Chairs. If at any time we do elect to rely on the exemptions and then subsequently cease to be a controlled company, we will take all action necessary to comply with applicable SEC rules and regulations and Nasdaq rules, subject to permitted “phase-in” periods under the Nasdaq rules.

BOARD LEADERSHIP

The Board directs and oversees the management of the business and affairs of the Company in a manner consistent with the best interests of the Company. The Board’s responsibility is one of oversight, and in performing its oversight role, the Board serves as the ultimate decision-making body of the Company, except for those matters reserved to or shared with its stockholders.

Our Corporate Governance Guidelines provide that the Board selects its chairperson (“Chairperson”) and the Company’s Chief Executive Officer in the manner it considers to be in the best interests of the Company. Therefore, the

Board does not have a policy on whether the roles of Chairperson and Chief Executive Officer should be separate or combined and, if it is to be separate, whether the Chairperson should be selected from the independent directors.

Jacques Aigrain has served as our independent Chairperson since July 2023. Ms. Madoff has served as our Lead Independent Director since February 2022. The Board currently believes that separating the roles of the Chairperson and the Chief Executive Officer is in the best interests of the Company and its stockholders and represents the most effective leadership structure for the Company. The Board believes that strong independent leadership is essential for the Board to effectively perform its functions and to help promote independent oversight of management and effective risk oversight by the Board.

Our Corporate Governance Guidelines provide that the Chairperson presides over executive session and, in consultation with management, sets the agenda for Board meetings, among other duties. Our Corporate Governance Guidelines also provide that the Board may elect one of the independent directors as the lead independent director, who has clearly defined responsibilities that include presiding at meetings of the Board at which the Chairperson is not present, including executive sessions of the independent and non-management (if different) directors; collaborating with the Chief Executive Officer and the Chairperson regarding the information sent to the Board; coordinating with the Chairperson and the Chief Executive Officer regarding the agenda and schedule for the meetings of the Board to provide that there is sufficient time for discussion of all agenda items; serving as liaison between the Chief Executive Officer and the Chairperson and the independent directors; being available for consultation and communication with major stockholders upon request; and having the authority to call executive sessions of the independent directors.

The Board and the Nominating and Corporate Governance Committee periodically review the Board's leadership structure and its appropriateness given the needs of the Board and the Company at such time.

STOCKHOLDER ENGAGEMENT

Effective corporate governance includes regular, constructive conversations with our stockholders to proactively seek stockholder insights and to answer stockholder inquiries. We maintain an active dialogue with stockholders and we thoughtfully consider a diversity of perspectives on issues including strategy, business performance, risk, corporate governance, culture and workplace topics, compensation practices and a broad range of sustainability issues.

To communicate broadly with our stockholders, we also seek to transparently share information relevant to our stockholders through our Investor Relations website, our Annual Report, this Proxy Statement, our Corporate Sustainability Report and our Task Force on Climate-Related Financial Disclosures Report. In addition, in fiscal year 2025, we engaged with a cross-section of unaffiliated stockholders owning over 70% of our Class A common stock (excluding index firms). Following such engagements, our Investor Relations team regularly provides a summary of all relevant feedback to our Board.

COMMUNICATIONS WITH DIRECTORS

Stockholders and other interested parties may communicate with the Board by writing to the Chief Legal Officer, Tradeweb Markets Inc., 245 Park Avenue, New York, New York 10167. Written communications may be addressed to the Chairperson of the Board, the Lead Independent Director, the chairperson of any of the Audit and Risk Committee, the Compensation Committee and the Nominating and Corporate Governance Committee, or to the non-management or independent directors as a group. The Chief Legal Officer will forward such communications to the appropriate party, subject to the next sentence. Each communication will be reviewed to determine whether it is appropriate for presentation to our Board or the applicable director(s). The purpose of this screening is to allow our Board (or the applicable individual director(s)) to avoid having to consider irrelevant or inappropriate communications, such as advertisements, solicitations, product inquiries or any offensive or otherwise inappropriate materials.

DIRECTOR NOMINATIONS AND QUALIFICATIONS

The Nominating and Corporate Governance Committee identifies individuals believed to be qualified as candidates to serve on the Board and recommends that the Board select the nominees for all directorships to be filled by the Board or by our stockholders at an annual or special meeting (subject to the terms of the Stockholders Agreement, as applicable). In identifying candidates for membership on the Board, the Nominating and Corporate Governance Committee takes into account all factors it considers appropriate, which may include individual background, experience, skills and qualifications, strength of character, mature judgment, independence of thought, familiarity with the Company's business and industry, an ability to work collegially, existing commitments to other businesses (including compliance with our overboarding policy) and potential conflicts of interest. Further, when evaluating potential director candidates, the Nominating and Corporate Governance Committee considers Board diversity from a number of aspects, including educational background, professional

experience, skills, knowledge, viewpoints and perspectives. The Nominating and Corporate Governance Committee monitors the mix of specific experience, qualifications, diversity from a number of aspects and skills of its directors to assess whether the Board, as a whole, has the necessary tools to perform its oversight function effectively in light of the Company's business and structure. To that end, in designing the Board's composition, the Nominating and Corporate Governance Committee considers these factors with the ultimate decision on all Board nominations being based on merit and contributions that the selected candidates will bring to the Board.

Our Corporate Governance Guidelines require that no director will serve on the boards of more than five public companies (including our Board) without specific approval from the Board. In addition, directors who also serve as executive officers or in equivalent positions generally are not permitted to serve on boards of more than two public companies (including our Board). The Nominating and Corporate Governance Committee assesses compliance with this policy from time to time, including as part of re-nomination considerations, and in March 2026 determined that all of the current Board members were in compliance with the policy.

In addition, the Nominating and Corporate Governance Committee also periodically assesses the qualifications and characteristics of our directors and the Board as a whole, which includes an assessment of the size of the Board. In March 2025, in accordance with the requirements of the Company's Certificate of Incorporation and Amended and Restated Bylaws (the "Bylaws"), as well as the Stockholders Agreement, the Nominating and Corporate Governance Committee recommended, and the full Board approved, to reduce the size of the Board from 12 directors to 11 directors. The Nominating and Corporate Governance Committee may determine to make recommendations on the size of the Board from time to time, in accordance with the requirements of its governing documents and the Stockholders Agreement.

The Nominating and Corporate Governance Committee also conducts an annual self-evaluation process. In 2025, the annual Board self-evaluation process for each director required both responses to a written questionnaire as well as engagement in an in-person feedback session led by the Chair of the Nominating and Corporate Governance Committee. The feedback gathered through the annual self-evaluation process is then summarized and presented to the Nominating and Corporate Governance Committee and the Board. Throughout the year, efforts are made to act upon the feedback received during the self-evaluation process, with the goal of improving board effectiveness.

The Nominating and Corporate Governance Committee evaluates director candidates recommended by stockholders on a substantially similar basis as it considers other nominees. Any recommendation submitted to the Chief Legal Officer should be in writing, should include any supporting material the stockholder considers appropriate in support of that recommendation and must include information that would be required under the rules of the SEC to be included in a proxy statement soliciting proxies for the election of such candidate and the written consent of the candidate to be named in a proxy statement for the relevant annual meeting to serve as one of our directors if elected. Stockholders wishing to propose a candidate for consideration may do so by submitting the above information to the attention of the Chief Legal Officer, Tradeweb Markets Inc., 245 Park Avenue, New York, New York 10167. The recommendation should contain all of the information regarding the nominee required under the "advance notice" provisions of our Bylaws (which can be provided free of charge upon request by writing to our Chief Legal Officer at the address listed above). All recommendations for nomination received by the Chief Legal Officer that satisfy the requirements of our Bylaws relating to such director nominations will be presented to the Nominating and Corporate Governance Committee for its consideration. Please see the section titled "Proposals of Stockholders" for information regarding the advance notice provisions applicable to stockholder director nominations set forth in our Bylaws.

In addition, pursuant to the Stockholders Agreement, LSEG has the right to designate nominees to our Board subject to the maintenance of certain ownership requirements in us. See "Certain Relationships and Related Person Transactions—Related Person Transactions Entered Into in Connection With the IPO—Stockholders Agreement" for additional information. Following designation, the Nominating and Corporate Governance Committee evaluates the director nominee pursuant to the standards set forth above, and then recommends the director nominee for approval by the full Board.

practices. The Nominating and Corporate Governance Committee assists the Board by overseeing and evaluating programs and risks associated with Board organization, membership and structure, corporate governance and sustainability risks.

Our Board and our Audit and Risk Committee each receive periodic reports from our Chief Administrative Officer and our Chief Risk Officer to assess key cybersecurity risks for the Company and the measures implemented to mitigate them, as well as updates regarding changes to our cybersecurity risk profile or newly identified significant risks. In addition, the Audit and Risk Committee regularly reports to the Board on these matters. The Board and the Audit and Risk Committee provide feedback and recommendations accordingly. Please see Item 1.C “Cybersecurity” of our 2025 Annual Report for further detail regarding oversight of cybersecurity risks.

BOARD MEETINGS AND COMMITTEES

The Board meets regularly during the year and holds special meetings and acts by unanimous written consent whenever circumstances require. During 2025, there were six meetings of the Board. Each incumbent director attended at least 75% of the aggregate of the total number of meetings of the Board (held during the period for which they were a director) and the total number of meetings held by all committees on which he or she served (during the periods that they served) during 2025. In addition, directors are expected to make every effort to virtually attend any meetings of stockholders and all 11 of our incumbent directors attended our 2025 Annual Meeting.

The Board has established an Audit and Risk Committee, a Compensation Committee and a Nominating and Corporate Governance Committee (collectively, the “Committees”), each of which hold meetings and act by unanimous written consent whenever circumstances require. The Committees keep the Board informed of their actions and provide assistance to the Board in fulfilling its oversight responsibility to stockholders. The table below provides current membership information, as well as meeting information for meetings held during 2025.

Proposal 2: Ratification of Appointment of Deloitte as Independent Registered Public Accounting Firm

Under the rules and regulations of the SEC, Nasdaq and the Public Company Accounting Oversight Board (the “PCAOB”), the Audit and Risk Committee is directly responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm. In addition, the Audit and Risk Committee considers the independence of our independent registered public accounting firm and participates in the selection of the independent registered public accounting firm’s lead engagement partner. The Audit and Risk Committee has appointed, and, as a matter of good corporate governance, is requesting ratification by our stockholders of the appointment of, the registered public accounting firm of Deloitte to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2026. Deloitte has served as our independent registered public accounting firm since November 2018. Representatives of Deloitte are expected to virtually attend the Annual Meeting and will have an opportunity to make a statement and to respond to appropriate questions from stockholders.

The Board and the Audit and Risk Committee believe that the continued retention of Deloitte as the Company’s independent registered public accounting firm is in the best interests of the Company and its stockholders. Our Board and the Audit and Risk Committee value the opinions of our stockholders and consider the selection of our independent registered public accounting firm to be an important matter of stockholder concern. The appointment of Deloitte is accordingly being submitted for ratification by our stockholders as a matter of good corporate practice. If stockholders do not ratify the selection of Deloitte, the Audit and Risk Committee will evaluate the stockholder vote when considering the selection of a registered public accounting firm for the audit engagement for the 2026 fiscal year. In addition, even if stockholders ratify the selection of Deloitte as our independent registered public accounting firm, the Audit and Risk Committee may nevertheless periodically request proposals from the major registered public accounting firms and as a result of such process may select Deloitte or another registered public accounting firm as our independent registered public accounting firm.

The Board of Directors recommends a vote “FOR” ratification of the appointment of Deloitte as our independent registered public accounting firm for the fiscal year ending December 31, 2026.

Independent Registered Public Accounting Firm

Consistent with SEC and PCAOB requirements regarding auditor independence, the Audit and Risk Committee has responsibility for appointing, setting compensation for and overseeing the work of, the independent registered public accounting firm. In recognition of this responsibility, the Audit and Risk Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Prior to engagement of the independent registered public accounting firm for the next year’s audit, management obtains required pre-approvals, including submitting to the Audit and Risk Committee for approval a list of services and related fees expected to be rendered during that year within each of the following four categories of services:

- (1) Audit services include audit work performed on the financial statements and internal control over financial reporting, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including comfort letters, statutory audits and discussions surrounding the proper application of financial accounting and/or reporting standards.
- (2) Audit-related services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, employee benefit plan audits and special procedures required to meet certain regulatory requirements.
- (3) Tax services include all services, except those services specifically related to the financial statements, performed by the independent registered public accounting firm’s tax personnel, including tax analysis; assisting with coordination of execution of tax-related activities, primarily in the area of corporate development; supporting other tax-related regulatory requirements; tax planning; and tax compliance and reporting.
- (4) All other services are those services not captured in the Audit, Audit-Related or Tax categories.

Prior to engagement, the Audit and Risk Committee pre-approves independent registered public accounting firm services within each category and the fees of each category are budgeted in accordance with our pre-approval policy. The Audit and Risk Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval categories. In those instances, the Audit and Risk Committee requires specific pre-approval before engaging the independent registered public accounting firm.

The Audit and Risk Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit and Risk Committee at its next scheduled meeting. All of the services in the table below were pre-approved by the Audit and Risk Committee.

The following is a summary of Deloitte’s fees for professional services rendered to us for each of the fiscal years ended December 31, 2025 and 2024.

	Fiscal Year Ended December 31, 2025	Fiscal Year Ended December 31, 2024
Audit Fees ⁽¹⁾	\$ 6,065,353	\$ 4,817,519
Audit-related Fees ⁽²⁾	1,031,434	648,900
Tax Fees ⁽³⁾	—	—
All Other Fees ⁽⁴⁾	4,926	4,926
Total	\$ 7,101,713	\$ 5,471,345

- (1) Audit fees consist of fees for professional services rendered for the audit of consolidated financial statements and internal controls over financial reporting included in our Form 10-K, reviews of condensed interim financial statements included in our Form 10-Q, consent and comfort letters in connection with registration statements filed with the SEC, statutory and regulatory filings and audits related to LSEG’s financial statements.
- (2) Audit-related fees consist of Service Organization Control (SOC) audits.

- (4) All other fees relate to professional services not included in the categories above, including fees related to a subscription to an accounting research tool.

Audit and Risk Committee Report

The Audit and Risk Committee reviews the Company’s financial reporting process on behalf of the Board. Management has the primary responsibility for establishing and maintaining adequate internal control over financial reporting, for preparing the financial statements and for the reporting process. The Audit and Risk Committee members do not serve as professional accountants or auditors and their functions are not intended to duplicate or to certify the activities of management and our independent registered public accounting firm. The Company’s independent registered public accounting firm is engaged to audit and report on the conformity of the Company’s financial statements to accounting principles generally accepted in the United States.

In this context, the Audit and Risk Committee reviewed and discussed with management and our independent registered public accounting firm the audited financial statements for the year ended December 31, 2025 (the “Audited Financial Statements”), and management’s assessment of the effectiveness of the Company’s internal control over financial reporting.

The Audit and Risk Committee has discussed with our independent registered public accounting firm the matters required to be discussed by the applicable requirements of the PCAOB and SEC. In addition, the Audit and Risk Committee has received the written disclosures and the letter from our independent registered public accounting firm required by applicable requirements of the PCAOB regarding our independent registered public accounting firm’s communications with the Audit and Risk Committee concerning independence, and has discussed with our independent registered public accounting firm its independence.

Based upon the reviews and discussions referred to above, the Audit and Risk Committee recommended to the Board that the Audited Financial Statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2025, for filing with the SEC.

Proposal 3: Advisory Vote on Executive Compensation

We are pleased to provide our stockholders with the opportunity to vote on a non-binding advisory resolution to approve the compensation of our named executive officers as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis and executive compensation tables.

In considering your vote, we urge you to review the information on our compensation policies and decisions regarding the named executive officers presented in the Compensation Discussion and Analysis, as well as the discussion regarding the Compensation Committee in “Corporate Governance—Compensation Committee”.

The stockholder vote on this resolution will not be binding on management or the Board. However, the Board and the Compensation Committee value the opinions of our stockholders and will review and consider the voting results when making future compensation decisions for our named executive officers. We expect the next advisory vote to approve the compensation of our named executive officers to be conducted at the 2027 Annual Meeting of Stockholders.

Our executive compensation program is designed to attract, retain and motivate highly skilled executives to drive long-term performance and growth. We believe that investing in our talent through a market-based and flexible total compensation program has been critical to our success, enabling us to promote both short- and long-term profitable growth of the Company and achieve our ultimate goal of bringing value to our stockholders. Our compensation philosophy emphasizes creating an “ownership mentality” to align our executives’ interests with those of our stockholders. To that end, our total compensation program is guided by the following principles: maintain a pay-for-performance culture; foster long-term alignment with stockholders; attraction and retention; and reflect internal equity considerations.

The text of the resolution in respect of Proposal 3 is as follows:

RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including in the Compensation Discussion and Analysis, the executive compensation tables and related narrative disclosure, is hereby approved on an advisory basis.

The Board recommends a vote “FOR” the approval, on an advisory basis, of the compensation of our named executive officers.

Proposal 4: To Approve an Amendment to the Amended and Restated Certificate of Incorporation (the “Certificate of Incorporation”) to Limit the Liability of Certain Officers as Permitted by Delaware Law and Make Certain Other Clarifying Changes (the “Exculpation Amendment”)

Our Board has unanimously approved and declared advisable and resolved to recommend to the Company’s stockholders that they approve and adopt amendments to the Certificate of Incorporation to amend Article VIII thereof to provide for the elimination of monetary liability of certain officers of the Company in certain limited circumstances (together with certain other clarifying changes summarized below, the “Exculpation Amendment”). The current Article VIII already provides exculpation protections to our directors, and that will remain unchanged as a result of the Exculpation Amendment. The following description is a summary only and is qualified in its entirety by reference to Appendix A to this proxy statement, which sets forth the Exculpation Amendment and marks those changes specifically, as described in Appendix A.

BACKGROUND ON AND SUMMARY OF THE EXCULPATION AMENDMENT

Under Section 102(b)(7) of the General Corporation Law of the State of Delaware (the “DGCL”), Article VIII of the Certificate of Incorporation already eliminates the monetary liability of directors in accordance with the DGCL. Effective August 1, 2022, Section 102(b)(7) of the DGCL was amended to permit companies to include in their certificates of incorporation limitations of monetary liability for certain officers. Consistent with Section 102(b)(7) of the DGCL, as currently in effect, the Exculpation Amendment would only permit limiting the liability of the following officers: (i) the president, chief executive officer, chief operating officer, chief financial officer, chief legal officer, controller, treasurer or chief accounting officer; (ii) individuals who are or were identified in the corporation’s public filings as its most highly compensated officers; and (iii) individuals who, by written agreement with the corporation, consented to be identified as officers for purposes of accepting service of process (such officers from time to time specified in Section 102(b)(7) of the DGCL, the “covered officers”).

The Exculpation Amendment would exculpate the covered officers only in connection with direct claims for breaches of the fiduciary duty of care brought by stockholders, including class actions. Consistent with Section 102(b)(7) of the DGCL as currently in effect, the Exculpation Amendment would not eliminate or limit liability with respect to any:

- claims brought by the Company itself;
- claims brought by stockholders in the name of the Company, such as derivative claims;
- claims involving breach of the duty of loyalty to the Company or its stockholders;
- claims involving acts or omissions not made in good faith or which involve intentional misconduct or knowing violations of the law; or
- claims involving transactions from which the covered officer derived an improper personal benefit.

For the avoidance of doubt, the current exculpation protections available to the Company’s directors under Article VIII of the Certificate of Incorporation would remain unchanged as a result of the Exculpation Amendment. Notwithstanding the foregoing, consistent with the language for exculpation of directors currently included in the Certificate of Incorporation, the Exculpation Amendment also provides that if, at any time following the effectiveness of the Exculpation Amendment, the DGCL is amended to authorize any further elimination or limitation of the personal liability of a corporation’s covered officers (including any change in the roles deemed to be covered officers for purposes of Section 102(b)(7) of the DGCL), then such liability shall be automatically eliminated or limited to the fullest extent permitted by the DGCL, as so amended, with respect to the Company’s covered officers (including with respect to any role newly deemed to be a covered officer for purposes of Section 102(b)(7) of the DGCL).

REASONS FOR THE EXCULPATION AMENDMENT

Our Board believes that it is important to extend exculpation protection to officers, to the fullest extent permitted by the DGCL, in order to better position the Company to attract and retain qualified and experienced officers. In the absence of such protection, such individuals might be deterred from serving as officers due to exposure to personal liability and the risk of incurring substantial expense in defending lawsuits, regardless of merit. Aligning the protections available to our officers with those available to our directors to the extent such protections are available under the DGCL would empower officers to exercise their business judgment in furtherance of stockholder interests without the potential for distraction posed by the risk of personal liability.

Taking into account the narrow class and type of claims for which officers would be exculpated, and the benefits our Board believes would accrue to the company and its stockholders—enhancing our ability to attract and retain talented officers and potentially reducing future litigation costs associated with frivolous lawsuits—our Board determined that the Exculpation Amendment is in the best interests of the Company and its stockholders. In light of the foregoing, our Board adopted resolutions setting forth the Exculpation Amendment, declared the Exculpation Amendment advisable and in the best interests of the Company and our stockholders, approved and adopted the Exculpation Amendment, unanimously resolved to submit the Exculpation Amendment to our stockholders for approval and recommended that our stockholders adopt the Exculpation Amendment.

The Exculpation Amendment would also make other technical, clarifying, and clean-up amendments to the Certificate, including removing the Certificate of Incorporation’s specific reference to the voting standard required under Section 242(b)(2) of the DGCL to approve an amendment to the Certificate of Incorporation that increases or decreases the authorized number of shares of the Company’s preferred stock or common stock (collectively, “authorized share capital”), as such voting standard would not apply to increases or decreases to the authorized share capital that are approved under Section 242(d) of the DGCL (“Section 242(d)”). Section 242(d) was recently added to the DGCL to (i) permit a corporation to amend its certificate to effect a forward stock split of a class of stock (and, in connection therewith, increase the number of authorized shares of such class of stock up to an amount proportionate with the stock split) without a vote of stockholders, if the corporation has only one class of stock outstanding and such class is not divided into series, or (ii) permit a corporation to increase or decrease the authorized number of shares of a class of stock, or to reclassify by combining the issued shares of a class of stock into a lesser number of issued shares (referred to as a “reverse stock split”) if, among other things, (i) the class of stock is listed on a national securities exchange and will meet the listing requirements of that exchange relating to the minimum number of holders immediately after the amendment becomes effective, and (ii) the votes cast “for” the amendment exceed the votes cast “against” the amendment at a meeting at which a quorum of the stockholders is present in person or by proxy. To avoid any confusion given recent amendments to the DGCL, the Certificate of Incorporation will also be amended to expressly provide that the Company does not intend to opt out of the provisions of Section 242(d) of the DGCL, and intends that Section 242(d) be applicable to the Company. These changes are clarifying changes only, to avoid potential interpretative questions relating to the application of Section 242(d).

EFFECT OF THE PROPOSAL

If our stockholders approve the Exculpation Amendment, it will become effective upon the filing of a Certificate of Amendment to our Certificate of Incorporation setting forth the Exculpation Amendment with the Delaware Secretary of State, which we anticipate doing as soon as practicable following stockholder approval of the Exculpation Amendment. The Board reserves the right to elect to abandon the Exculpation Amendment, without further action by the stockholders, at any time before it becomes effective, even if it is approved by the stockholders. If the Board were to exercise such discretion, we will publicly disclose that fact, and the Company’s covered officers will not become subject to the foregoing exculpation protections. If our stockholders do not approve the Exculpation Amendment, Article VIII will remain unchanged, our covered officers will not become subject to the foregoing exculpation protections, and a Certificate of Amendment setting forth the Exculpation Amendment will not be filed with the Delaware Secretary of State.

Approval of the Exculpation Amendment is not conditioned on the approval of the Federal Forum Selection Amendment described in Proposal 5.

The Board recommends a vote “FOR” the approval of the Exculpation Amendment.

Proposal 5: To Approve an Amendment to the Certificate of Incorporation to Add a Federal Forum Selection Provision for Claims Arising Under the Securities Act of 1933, as Amended (the “Federal Forum Selection Amendment”)

Our Board has unanimously adopted and declared advisable, and resolved to recommend to the Company’s stockholders that they approve and adopt, an amendment to Section 12.2 of Article XII of the Certificate of Incorporation to add a federal forum provision for claims arising under the Securities Act of 1933, as amended (the “Securities Act” and such amendment together with the clean-up changes described below, the “Federal Forum Selection Amendment”). The Federal Forum Selection Amendment would provide that, unless the Company, in writing, selects or consents to the selection of an alternative forum, the federal district courts of the United States will be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act. The Federal Forum Selection Amendment would also make clean-up changes to the existing Delaware forum selection provision already included in Section 12.2 of Article XII to make clear that current and former directors, officers, employees and stockholders are covered and that Securities Act claims are now addressed in a separate provision. Anyone who acquires or holds any interest in shares of capital stock of the Company will be deemed to consent to these terms. The following description of the Federal Forum Selection Amendment is a summary only and is qualified in its entirety by reference to Appendix B to this proxy statement, which sets forth the Federal Forum Selection Amendment and marks those changes specifically, as described in Appendix B.

REASONS FOR THE FEDERAL FORUM SELECTION AMENDMENT

Our Board believes that the Company and its stockholders will benefit from having any causes of action arising under the Securities Act being litigated in the federal district courts of the United States. The Federal Forum Selection Amendment is intended to prevent plaintiff forum shopping and the related practice of filing parallel lawsuits in multiple jurisdictions.

In determining whether to adopt the Federal Forum Selection Amendment, the Board considered a number of factors, including the following:

- enabling the Company to avoid litigating actions on the same topic in both state and federal courts, with the associated duplication of litigation expenses, and the potential for inconsistent rulings;
- limiting forum shopping by plaintiffs’ lawyers in state courts;
- retaining the Company’s ability to consent to an alternative forum, if desired;
- avoiding having to address where an action may be brought, and instead focusing on underlying substantive rights or remedies; and
- facilitating the submission of Securities Act claims for resolution by federal courts, which have experience and expertise in adjudicating such claims.

The Federal Forum Selection Amendment is not being proposed in reaction to any specific litigation confronting the Company and is being proposed on a prospective basis to help mitigate potential future harm to the Company and its stockholders from multi-forum litigation. Because the Federal Forum Selection Amendment permits Securities Act claims to be filed in any federal district court in any state, it should not materially impact the location or cost of filing Securities Act claims.

Our Board evaluated the Federal Forum Selection Amendment in light of the considerations described above. Based on these considerations, the Board adopted resolutions setting forth the Federal Forum Selection Amendment, declared the Federal Forum Selection Amendment advisable and in the best interests of the Company and our stockholders, approved and adopted the Federal Forum Selection Amendment, unanimously resolved to submit the Federal Forum Selection Amendment to our stockholders for approval and recommended that our stockholders adopt the Federal Forum Selection Amendment.

EFFECT OF THE PROPOSAL

If our stockholders approve the Federal Forum Selection Amendment, it will become effective upon the filing of a Certificate of Amendment to our Certificate of Incorporation setting forth the Federal Forum Selection Amendment with the Delaware Secretary of State, which we anticipate doing as soon as practicable following stockholder approval of the Federal Forum Selection Amendment. The Board reserves the right to elect to abandon the Federal Forum Selection Amendment, without further action by the stockholders, at any time before it becomes effective, even if it is approved by the stockholders. If the Board were to exercise such discretion, we will publicly disclose that fact, and no changes will be made to the Certificate of Incorporation with respect to the selection of a federal forum for Securities Act claims. If our stockholders do not approve the Federal Forum Selection Amendment, Section 12.2 of Article XII will remain unchanged, no changes will be made to the Certificate of Incorporation with respect to the selection of a federal forum for Securities Act claims, and a

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information regarding the beneficial ownership of our Class A common stock and our Class B common stock as of March 13, 2026 for:

- each person or entity who is known by us to beneficially own more than 5% of our Class A common stock or our Class B common stock;
- each of our directors and named executive officers; and
- all of our directors and executive officers as a group, all of our executive officers as a group and all of our directors as a group.

The number of shares beneficially owned by each stockholder is determined under rules issued by the SEC and includes voting or investment power with respect to securities. Under these rules, beneficial ownership includes any shares as to which the individual or entity has sole or shared voting power or investment power. Applicable percentage ownership is based on 115,779,908 shares of Class A common stock, 96,933,192 shares of Class B common stock, 18,000,000 shares of Class C common stock and 5,056,868 shares of Class D common stock outstanding as of March 13, 2026. In computing the number of shares beneficially owned by an individual or entity and the percentage ownership of that person, shares of common stock subject to options or other rights, including the redemption rights described elsewhere in this Proxy Statement, held by such person that have vested or will vest within 60 days of March 13, 2026, are considered outstanding, although these shares are not considered outstanding for purposes of computing the percentage ownership of any other person. Unless otherwise indicated, the address of all listed stockholders is c/o Tradeweb Markets Inc., 245 Park Avenue, New York, New York 10167. Each of the stockholders listed has sole voting and investment power with respect to the shares beneficially owned by the stockholder unless noted otherwise, subject to community property laws where applicable.

2025 Business Performance Highlights

We achieved strong financial and operational performance in 2025, reporting our 26th consecutive year of revenue growth in 2025. The breadth of our business played an important role in these results as we helped clients navigate macro environment challenges.

We are focused on balancing revenue growth and margin expansion to create long-term value and we have a track record of strong growth and financial performance. By expanding the scope of our platforms and solutions, building scale and integration across marketplaces and benefiting from broader network effects, we have been able to grow both our transaction volume and subscription-based revenues. Our 2025 results demonstrate that our investments in our network, technology and people continue to bring value to our stockholders and achieve our goal of long-term value creation.

Record volumes across asset classes translated into 18.9% annual revenue growth in 2025 on a reported basis and 17.5% on a constant currency basis*. The scale generated by our strong top-line results drove approximately 64 basis points of Adjusted EBITDA margin* expansion and 18.8% adjusted diluted earnings per share* growth. As our growth initiatives continued to scale, we maintained our tradition of consistent and focused organic investment.

Additional 2025 business highlights are described in the Proxy Summary of this Proxy Statement.

Determining Executive Compensation

Our executive team is critical to our success and to building value for our stockholders. Our executive compensation program is designed to attract and retain highly-skilled executives and to motivate our executive leadership team to drive long-term success and to reward financial performance and promote effective strategic leadership.

* Adjusted EBITDA margin, adjusted diluted earnings per share and change in revenue on a constant currency basis are non-GAAP financial measures used by the Company to supplement information in our financial results. A reconciliation of these non-GAAP financial measures may be found in our Form 8-K filed with the SEC and our Annual Report on Form 10-K for the year ended December 31, 2025, both filed with the SEC on February 5, 2026. We also present certain growth information on a “constant currency” basis. Since our consolidated financial statements are presented in U.S. dollars, we must translate non-U.S. dollar revenues and expenses into U.S. dollars. Constant currency growth, which is a non-GAAP financial measure, is defined as growth excluding the effects of foreign currency fluctuations. Constant currency information is calculated by translating the current period and prior period’s results using the annual average exchange rates for the prior period.

Key Governance Features of Executive Compensation Program

Our executive compensation program is grounded in governance and design features that serve stockholders' long-term interests. We avoid certain practices that do not align with those interests.

What We Do	What We Don't Do
Pay-for-performance. Approximately 93% of our Non-CEO NEOs 2025 compensation is at-risk variable compensation. 70% of annual equity grants and cash bonuses made to all NEOs for 2025 performance were tied directly to company performance.	Hedging/pledging of Company stock. We prohibit our officers and directors from hedging, margining, pledging, short-selling or publicly trading options in our stock.
Encourage long-term outlook. NEOs receive grants of performance-based restricted stock units ("PRSUs") that vest based on achievement of three-year targets for Company financial performance and performance-vesting stock units ("PSUs") that vest based on achievement of total shareholder return ("TSR") targets over a three-year performance period.	Excise tax gross-ups. We do not pay excise tax gross-ups on change-in-control payments.
Rigorous performance goals. The Company establishes rigorous performance goals related to its incentive-based compensation plans, including the ability to out-perform target performance.	Repricing or exchange of underwater options. Under our omnibus equity plan, we specifically prohibit share repricing without stockholder approval.
Clawback policy. In accordance with Exchange Act Rule 10D-1, we maintain a robust clawback policy that requires the clawback of incentive compensation from executive officers in the event of a material misstatement of the financials. In addition, the Compensation Committee has discretion to clawback, from both executive officers and other employees, other incentive-based compensation, including time-based short-term or long-term equity or other incentive awards.	Dividend equivalents on unearned equity awards. Dividend equivalent rights accrued on equity awards are not paid until the underlying award itself vests and becomes payable.
Stock ownership guidelines. We have adopted stock ownership guidelines applicable to senior management and non-employee directors that encourage meaningful stock ownership and increase alignment with stockholder interest.	

Executive Compensation Philosophy and Objectives

Our executive compensation program is designed to attract, retain and motivate highly skilled executives to drive long-term performance and growth. We believe that investing in our talent through a market-based and flexible total compensation program has been critical to our success, enabling us to promote both short- and long-term profitable growth of the Company and achieve our ultimate goal of bringing value to our stockholders. Our compensation philosophy emphasizes creating an "ownership mentality" to align our executives' interests with those of our stockholders. To that end, our total compensation program is guided by the following principles:

Maintain a pay-for-performance culture	Annual pay opportunities emphasize variable performance-based compensation with metrics aligned to the Company's financial results, stock price and business strategy, promoting a high degree of performance orientation in our executive compensation program.
Foster long-term alignment with stockholders	Outstanding equity awards in the form of annual time-vesting restricted stock units ("RSUs"), PRSUs that vest based on Company financial performance and PSUs that vest based on TSR achievement, directly tie pay outcomes to value creation, aligning executive and stockholder interests. In addition, senior management and non-employee directors are subject to stock ownership guidelines.
Attraction and retention	Our executive compensation program provides overall target compensation that is intended to attract and retain high-caliber talent. In addition, our long-term incentive awards are granted on varying vesting schedules, continually ensuring that a portion of previously granted equity remains unvested.
Reflect internal equity considerations	Compensation decisions are made in the context of individual factors and pay equity, fostering growth and motivation through a flexible compensation design.

Compensation Determination Process

The Compensation Committee is responsible for establishing and overseeing the executive compensation arrangements for our executive officers, including our NEOs, as described above in the section titled "Corporate Governance—

Table of Contents

Executive Compensation

Compensation Committee”. The Compensation Committee charter, which delineates the topics within the Compensation Committee’s oversight role, is available on our website.

During 2025, the Compensation Committee met five times, along with, at the request of the Compensation Committee, Mr. Hult, our Chief Legal Officer and other executives, as needed. In performing its duties, the Compensation Committee’s responsibilities and actions in 2025 included:

- Confirming achievement of performance goals in respect of (i) the annual bonus for Mr. Hult for the prior calendar year and (ii) equity awards granted in the prior calendar year, including the PRSUs.
- Reviewing and approving total compensation for the NEOs other than Mr. Hult with respect to the prior calendar year, including bonus allocations based on recommendations from Mr. Hult, and authorizing Mr. Hult to make reasonable adjustments to such amounts.
- Approving the methodology for determining the Company’s annual cash bonus program payout pool for NEOs other than Mr. Hult for the upcoming calendar year.
- Establishing performance goals for the upcoming calendar year for (i) PRSU grants, (ii) PSU grants and (iii) the annual cash bonus for Mr. Hult.
- Establishing a pool for annual equity grants for the upcoming calendar year and allocating equity grants from the pool to Mr. Hult.

Role of Compensation Consultants

During 2025, the Compensation Committee worked with ClearBridge Compensation Group (“ClearBridge”) to provide for an executive compensation program that was competitive, aligned executive incentives with stockholder interests and offered appropriate retention and performance incentives. The Compensation Committee reviews the independence of its compensation consultant annually and found no conflict of interest with ClearBridge during its 2025 independence review.

Peer Group

To assist in setting executive compensation for fiscal 2025, the Compensation Committee established, in consultation with ClearBridge, a compensation peer group to use as external context for assessing the Company’s pay level and practices. To best inform pay decisions based on where the Company competes for talent, the Compensation Committee considered the following criteria for identifying peer companies:

- *Business*: companies in related industries and business areas or companies that compete with us for executive talent (such as financial exchanges, electronic trading platforms and other related businesses, as well as fintech companies more broadly).
- *Size*: companies with comparable revenue and market capitalization.
- *Peers of Select Companies/Groups*: companies included in competitors’ peer groups and peers designated by shareholder advisory firms.

Based on the criteria above, the Compensation Committee selected the following peer group of companies to assist with compensation decisions for fiscal 2025.

Aspen Technology, Inc.	MarketAxess Holdings Inc.
BGC Group, Inc.	Morningstar, Inc.
BILL Holdings, Inc.	MSCI Inc.
Cboe Global Markets, Inc.	Nasdaq, Inc.
FactSet Research Systems Inc.	Q2 Holdings, Inc.
Fair Isaac Corporation	SEI Investments Company
Guidewire Software, Inc.	Virtu Financial, Inc.
Interactive Brokers Group, Inc.	

Internal Pay Equity

During 2025, we conducted our internal annual pay equity analysis in furtherance of our commitment to having our employees in similar job levels paid fairly based on justifiable compensation factors, such as tenure and performance, and not on discriminatory factors, such as gender and race. Across all levels, we concluded that, based on our analysis, employees were fairly paid, with employee gender and race not materially affecting pay.

“Say-on-Pay” Vote and Stockholder Engagement

The say-on-pay vote is one of our opportunities to receive feedback from stockholders regarding our executive compensation program. Our last say-on-pay vote was held at our 2025 Annual Meeting, which received support from approximately 99% of the outstanding shares entitled to vote on the proposal. The Compensation Committee considers this vote to signify a strong level of support by our shareholders of our current compensation policy and design. As such, we will maintain our current core compensation policies in order to continue to effectively align our executives’ interests with those of our shareholders. The Board has adopted a one-year frequency for our say-on-pay vote. Consistent with this, we are presenting a say-on-pay vote at this Annual Meeting. Please see “Proposal 3: Advisory Vote on Executive Compensation” for further information.

Principal Elements of Executive Compensation

The principal elements of our executive compensation program during 2025 included base salary, annual cash bonus tied to performance metrics, long-term incentive awards and other benefits and perquisites. Our executive compensation program consists of a mix of fixed and variable pay elements, with the latter tied to both short- and long-term company success. Performance-based pay elements are linked to goals that we believe are rigorous and will deliver both year-over-year and long-term increases in stockholder value.

The elements of total direct executive compensation for our NEOs and their key objectives are summarized below.

Element	Form	Pay Philosophy/Objectives	Key Features
Base Salary	Cash	Attract and retain top talent.	<ul style="list-style-type: none"> Fixed cash amount.
Annual Cash Bonus	Cash	Reward strong Company and individual performance against important short-term goals.	<ul style="list-style-type: none"> At-risk variable compensation. For the Chief Executive Officer, based on achievement of specified annual Company financial performance goals, which are pre-determined by the Compensation Committee. For NEOs other than the Chief Executive Officer, based on a bonus pool, which is determined based on achievement of annual Company financial performance goals. Allocations from the pool are determined based on individual and Company performance by recommendation to the Compensation Committee from the Chief Executive Officer.
Long-Term Incentive Awards	Equity (RSUs)	Encourages retention and rewards the creation of stockholder value over time.	<ul style="list-style-type: none"> At-risk variable compensation. Annual grant of RSUs that vest annually over a three-year period, subject to continuous service.
	Equity (PRSUs)	Promotes performance, supports retention and creates long-term stockholder value and stockholder alignment by creating an “ownership mentality” by tying vesting of the award to long-term Company financial performance.	<ul style="list-style-type: none"> At-risk variable compensation. Annual grant that vests following the end of the three-year performance period and requires continuous service throughout the entire period. Vest based on achievement of three-year compound annual growth rate (“CAGR”) targets for constant currency¹ revenue growth² and constant currency¹ Adjusted EBITDA³.
	Equity (PSUs)	Promotes long-term alignment between executive officers’ incentives and stockholder interests by tying vesting of the award to total shareholder return.	<ul style="list-style-type: none"> At-risk variable compensation. Annual grant that vests following the end of the three-year performance period and requires continuous service throughout the entire period. Target award may be modified based on achievement of absolute total shareholder return targets during the last year of the three-year performance period.

(1) “Constant currency” means results excluding the effects of foreign currency fluctuations and is calculated by translating the current period and prior period’s results using the annual average exchange rates for the prior period.

Executive Compensation

- (2) “Constant currency revenue growth” means total revenue change excluding the effects of foreign currency fluctuations. Total revenue excluding the effects of foreign currency fluctuations is calculated by translating the current period and prior period’s total revenue using the annual average exchange rates for the prior period.
- (3) “Constant currency Adjusted EBITDA” means net income before interest income, interest expense, provision for income taxes and depreciation and amortization, adjusted for the impact of certain other items, including merger and acquisition transaction and integration costs, certain stock-based compensation expense and related payroll taxes, tax receivable agreement liability adjustments, unrealized gains and losses from outstanding foreign currency forward contracts, gains and losses from the revaluation of foreign denominated cash and other income and loss, each determined on a constant currency basis.

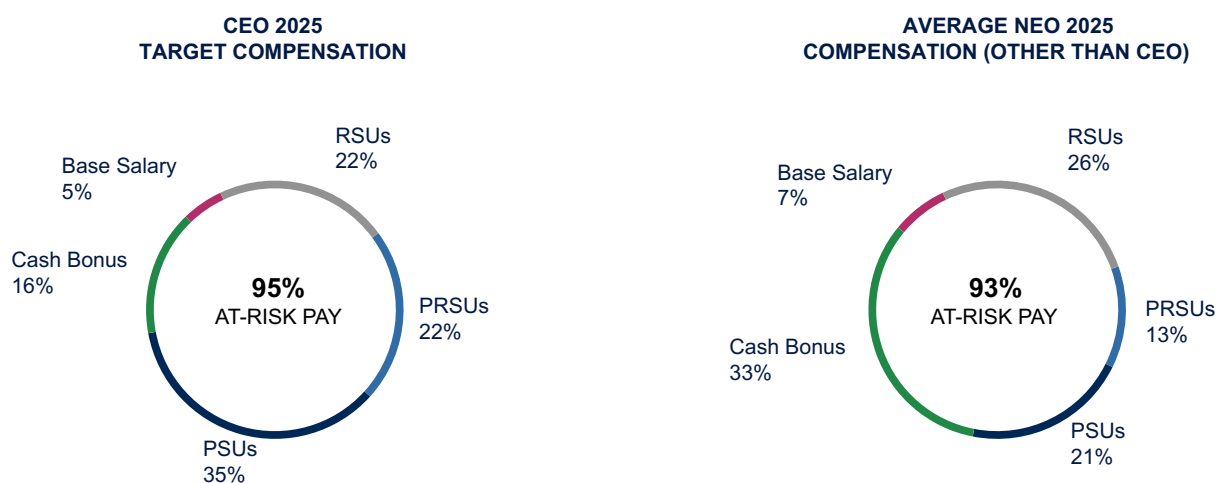

Constant currency Adjusted EBITDA, constant currency Adjusted EBITDA margin (presented below in “—Fiscal 2025 Compensation Program in Detail—Annual Cash Bonus—Chief Executive Officer”) and constant currency revenue growth are non-GAAP financial measures used by the Company to supplement information in our financial results. A reconciliation of these non-GAAP financial measures may be found in our Form 8-K filed and our Annual Report on Form 10-K for the year ended December 31, 2025, both filed with the SEC on February 5, 2026.

The Company also provided certain benefits and perquisites as described more fully under the heading “—Fiscal 2025 Compensation Program in Detail—Other Benefits and Perquisites—Perquisites and Other Personal Benefits”.

In 2025, the Compensation Committee did not maintain a formal policy or formula for allocating the mix of compensation in order to maintain flexibility to respond to business needs and shifts in the marketplace. However, in September 2025, the Compensation Committee determined, in consultation with ClearBridge, that it would be appropriate to establish a formula for allocating the mix of compensation beginning in the 2026 performance year, as follows: for the CEO, total compensation would be awarded approximately 80% in equity and 20% in cash, and for the other NEOs, total compensation would be awarded approximately 60% in equity and 40% in cash.

The charts below illustrate the allocation of the principal compensation components discussed above for our NEOs for fiscal 2025.

KEY ELEMENTS OF OUR FISCAL YEAR 2025 COMPENSATION PROGRAM

The amounts included in the above charts are based on (1) grant-date fair values for long-term incentive equity awards, as disclosed in the Summary Compensation Table below, (2) target cash bonus compensation for Mr. Hult and (3) actual bonuses earned in 2025 for all other NEOs.

Fiscal 2025 Compensation Program in Detail

Base Salary

We believe that base salary plays an important role in attracting and retaining top executive talent by providing them with a fixed level of compensation commensurate with the executive’s skill, responsibilities, competencies, experience and performance. For 2025, the Compensation Committee reviewed the base salaries of all NEOs, taking into account an executive’s promotion, increase in scope of responsibilities, peer group benchmarking data and other factors. As such, the Compensation Committee determined to (i) increase Mr. Hult’s base salary in recognition of his strong performance to drive business results, (ii) increase Mr. Bruni’s base salary due to his promotion to Managing Director, Co-Head of Global Markets and (iii) keep base salaries for each other NEO in 2025 consistent with base salaries in 2024, as set forth below.

NEO	Base Salary at December 31, 2024	Base Salary at December 31, 2025	Percent Increase
Billy Hult	\$ 750,000	\$ 1,000,000	33%
Sara Furber	\$ 600,000	\$ 600,000	—%
Enrico Bruni	£ 300,000	£ 400,000	33%
Troy Dixon	\$ —	\$ 500,000	N/A
Justin Peterson	\$ 400,000	\$ 400,000	—%

Annual Cash Bonus

Chief Executive Officer

Mr. Hult is party to an employment agreement with TWM LLC (described further below in the section titled “Executive Compensation Tables—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table—Employment Agreements with Our Named Executive Officers”) pursuant to which he is entitled to an annual cash bonus based on Company performance. For calendar year 2025, Mr. Hult had a target bonus opportunity of \$3,000,000. Achievement of the annual bonus is based on the Company’s attainment of certain performance goals set annually by the Compensation Committee. The Compensation Committee sets the target performance goals each year based on the budget that is approved by the Board in the preceding quarter, reflecting a rigorous goal for the Company designed to motivate executives and drive performance. The maximum performance goals are set at a level that represents significant out performance versus target, while thresholds are set at a level that still represents meaningful year-over-year growth. The actual amount paid to Mr. Hult can be greater or less than the target bonus depending on the extent to which these goals are achieved (or exceeded) using straight-line interpolation between target and achievement above or below, as applicable, target amounts. The total payout can range from 0% to 150% of target. For 2025, achievement of the annual bonus was based 50% on attainment of target constant currency revenue growth versus prior year achievement and 50% on attainment of target constant currency Adjusted EBITDA margin, which was calculated as Adjusted EBITDA divided by revenue for the applicable period, each determined on a constant currency basis. We believe that constant currency Adjusted EBITDA margin and constant currency revenue growth are objective and important metrics to measure the underlying performance of the business and therefore relevant for purposes of establishing performance goals for executive compensation. The table below sets forth the relevant pay-for-performance scales for calendar year 2025.

Level of Performance Achieved	Constant Currency Revenue Growth (50% of Bonus)	Payout as a Percentage of Target Bonus ⁽¹⁾	Constant Currency Adjusted EBITDA Margin (50% of Bonus)	Payout as a Percentage of Target Bonus ⁽¹⁾
Threshold	3.0%	0%	49.9%	0%
Target	14.1%	50%	53.4%	50%
Maximum	15.1%	75%	53.6%	75%

(1) For actual performance achieved between goals, payout as a percentage of target bonus is calculated on a straight-line interpolation basis between threshold, target and maximum performance, as applicable.

Based on 2025 Company performance, as confirmed by the Compensation Committee, the Company achieved constant currency revenue growth of 17.5% and constant currency Adjusted EBITDA margin of 53.8%, resulting in 75% payout (reflecting maximum achievement) with respect to the constant currency revenue growth portion of the annual bonus target and 75% payout (reflecting maximum achievement) with respect to the constant currency Adjusted EBITDA margin portion of the annual bonus target. This outcome is reflective of the Company’s strong financial and operational performance in 2025,

as described above in the section titled “Compensation Discussion and Analysis—2025 Business Performance Highlights.” As such, Mr. Hult was entitled to a bonus at 150% of his target bonus amount, resulting in an earned bonus of \$4,500,000.

NEOs other than the Chief Executive Officer

Ms. Furber, Mr. Bruni, Mr. Dixon and Mr. Peterson were each eligible to receive a cash bonus pursuant to the Company’s general employee cash bonus program for 2025. Each year, the Compensation Committee approves the methodology for determining the maximum size of the cash bonus pool for the upcoming year eligible for annual bonus grants to employees other than the Chief Executive Officer. The maximum size of the bonus pool is increased or decreased based on achievement of specified Company performance goals. In 2025, for achievement above target (set at 14.1% constant currency revenue growth), the bonus pool could increase up to \$0.25 per \$1.00 of constant currency revenue growth. For achievement below target, the bonus pool must decrease a minimum of \$0.15 per \$1.00 of constant currency revenue growth missed. For full-year constant currency revenue growth above or below target, a straight-line interpolation between target and achievement above or below, as applicable, the target amount is used to calculate the bonus amount. The bonus pool does not have a “cap” or “floor” for achievement above or below target. We believe that the annual cash bonus program provides important incentives to motivate achievement of the Company’s goals for the forthcoming fiscal year. We do not provide for guaranteed bonus payouts for NEOs (except for historical bonuses in the year of the individual’s hire). Based on 2025 performance, the Company exceeded its target with constant currency revenue growth of 17.5%, resulting in a bonus pool above the target pool.

Allocations of awards from the bonus pool are based on individual considerations, including individual performance, as well as Company performance as a whole. The Company does not allocate bonuses based on set metrics in order to provide for a flexible bonus program designed to reward individual accomplishments. Individual considerations may include, but are not limited to, the executive’s ability to manage expenses within a forecasted budget and, as applicable, achieve forecasted revenue projections. In 2025, Mr. Hult recommended an initial proposed bonus allocation for each executive officer, which amount was approved by the Compensation Committee. The Compensation Committee also authorized Mr. Hult to make such reasonable adjustments to those amounts for executive officers as he deemed appropriate based on an executive officer’s performance and the remainder of cash left in the general bonus pool. In addition to the Company’s strong financial performance, individual considerations when allocating bonuses for 2025 included, but were not limited to: (i) for Ms. Furber, her leadership across a wide range of areas, including corporate development, as well as her ongoing transformation of the Finance function, (ii) for Mr. Bruni, his continued management of the international business to record revenue results, and (iii) for Mr. Peterson, his strategic focus on delivering innovative technological solutions, including in the digital asset space. Mr. Dixon’s offer letter provided a guaranteed cash bonus amount of \$2,000,000 for 2025. The Committee and Mr. Hult determined to increase Mr Dixon’s 2025 cash bonus amount, as disclosed below, due to his strong commercial impact and effective leveraging of client relationships to drive business growth.

In light of their individual performance with respect to each of Ms. Furber, Mr. Bruni, Mr. Peterson and pursuant to Mr. Dixon’s offer letter with respect to Mr. Dixon, in each case as described above, each executive received final bonus amounts as reflected in the table below for calendar year 2025. The final bonuses for each individual were approved by the Compensation Committee and adjusted by Mr. Hult in his reasonable discretion as described above.

NEO	Final FY25 Annual Cash Bonus Earned
Sara Furber	\$ 2,430,000
Enrico Bruni	\$ 2,502,016 ⁽¹⁾
Troy Dixon	\$ 2,300,000 ⁽²⁾
Justin Peterson	\$ 1,600,000

(1) Amount for Mr. Bruni was received in British pounds and is reflected in U.S. dollars based on a conversion rate of 1.2781.

(2) In addition to his annual cash bonus, Mr. Dixon also received a one-time signing cash bonus in consideration of his forfeiture of certain income and interests provided by his previous employer, as described in the section titled “Executive Compensation Tables—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table”.

Long-Term Equity Incentives

The main objectives of our long-term equity incentive program are to: (1) incentivize our executives to work toward the achievement of both our short- and long-term performance goals, (2) provide competitive compensation opportunities in order to attract and retain key individuals, (3) promote retention of executives through multi-year vesting periods and (4) create strong alignment with stockholders' interests by fostering an "ownership mentality" among our executives. We believe these objectives are accomplished through the equity compensation program described below.

2019 Omnibus Equity Incentive Plan

Each year, the Compensation Committee establishes an aggregate pool for equity awards to be granted to employees for that year. The Compensation Committee then allocates awards under that pool to the Chief Executive Officer based on his performance for the prior year. For all other NEOs, the Chief Executive Officer recommends allocations based on the executive's performance for the prior year, taking into consideration their annual cash bonus amounts for such year and the Compensation Committee reviews and approves such amounts. For 2025, equity awards included RSUs, PRSUs and PSUs under the Tradeweb Markets Inc. 2019 Omnibus Equity Incentive Plan (the "Equity Plan"), the material terms of which are described below.

RSUs

The Company awards RSUs to executives under the Equity Plan. The RSUs vest annually over three years from the grant date contingent on the executive's continued employment on the applicable vesting date. The RSUs are settled in Class A common stock on the first trading date following the date of vesting and accumulate dividend equivalent rights from the grant date.

PRSUs

In addition to RSUs, the Company also awards PRSUs to executives under the Equity Plan. Each year, the Compensation Committee establishes financial performance goals for the applicable plan year and the number of PRSUs ultimately earned pursuant to each award is based on the extent to which the performance goals are achieved, referred to as a performance modifier. The performance modifier is based on the Company's financial performance during the applicable performance period.

The performance modifier for PRSU grants made in calendar year 2025 was based 50% on a three-year CAGR target for constant currency revenue growth and 50% on a three-year CAGR target for constant currency Adjusted EBITDA growth for the performance period of January 1, 2025 to December 31, 2027. Achievement of goals through the performance period and the potential performance modifier based on achievement of these goals ranges from 0% (minimum) to 250% (maximum) of the target (100%) award amount. There will be no payouts on any measure for performance below threshold and payouts will not be increased for performance above maximum. We believe that constant currency Adjusted EBITDA and constant currency revenue growth are important metrics to measure the underlying performance of the business and therefore relevant for purposes of establishing performance goals for executive compensation. In addition, the three-year performance period applicable to our PRSUs increases the alignment of the executives' interests with stockholders to incentivize long-term financial performance and value creation. We strive in all cases to establish rigorous performance goals for the Company to motivate executives and drive performance above budget. Target achievement is set at rigorous levels based on the Company's internal forecasting and budgeting processes. The maximum performance goals for the 2025 PRSUs were set at a level that represented significant outperformance versus budget, while thresholds were set at a level that still represented meaningful year-over-year growth.

The PRSUs will vest following the end of the performance period. The performance modifier is applied to all vested PRSUs at the time of settlement, which will occur after finalization of the Company's audited financial statements for the final fiscal year of the performance period.

PRSUs granted to the NEOs are settled exclusively in Class A common stock, less any withholding and employment taxes associated with the settlement of the PRSUs. In addition, the PRSUs accumulate dividend equivalent rights in respect of any dividends paid on the Class A common stock (on a one Class A common stock to one PRSU basis) from January 1 of the applicable calendar year in which the relevant award was granted through the relevant vesting date. To the extent the PRSUs that gave rise to any dividend equivalent right are forfeited upon a termination, those dividend equivalent rights will also be forfeited. Dividend equivalent rights accumulated and not forfeited are added to, and are paid at the same time and in the same form as, payments in respect of the related PRSUs as set forth above.

PSUs

Further, the Company awards PSUs to executives under the Equity Plan. PSUs are performance-based restricted stock units that vest based on market conditions. PSUs cliff vest on January 1 of the third calendar year from the calendar year of

Executive Compensation

the grant date. The number of shares of Class A common stock that an executive will receive upon vesting is determined by a performance modifier, which is adjusted as a result of the Company's total shareholder return over a three-year performance period. The performance modifier can vary between 0% (minimum) and 250% (maximum) of the target (100%) award amount. The grant date fair value of the PSUs is determined using the Monte Carlo simulation model. The Committee believes that the three-year performance period applicable to the PSUs increases the alignment of the executives' interests with stockholders to incentivize long-term value creation. The TSR targets for the PSU grants made in 2025, and the applicable performance modifier based on achievement of those targets, are as follows:

Performance Level	Cumulative Absolute TSR for the Performance Period	Performance Modifier ⁽¹⁾
Below Threshold	Less than 15%	0%
Threshold	Equal to 15%	50%
Target	Equal to 30%	100%
Maximum	Equal to or Greater Than 50%	250%

(1) For actual performance achieved between goals, the performance modifier will be determined based on straight-line interpolation between maximum, target, threshold and below threshold performance, as applicable.

The achievement of the performance modifier for the PSUs will be determined based on the Company's highest average closing price of the Class A common stock for any consecutive 20-trading day period during the last calendar year of the performance period.

PSUs granted in 2023 vested on January 1, 2026, following the end of their three-year performance period. The 2023 PSUs vested and were settled based on a performance modifier of 250% of the target award, which represented maximum achievement based on the Cumulative Absolute TSR (as defined in the respective grant agreement) of greater than or equal to 50%.

The table below sets forth the RSUs, PRSUs and PSUs granted to the NEOs in 2025, other than Mr. Dixon. In light of his commencement of employment in January 2025, Mr. Dixon was not eligible for the 2025 equity grants applicable for other NEOs, and instead received a one-time equity award of restricted stock units valued at approximately \$4,000,000 on the date of grant of his award pursuant to the terms of his offer letter. All other NEOs were awarded a target grant value for their 2025 equity grants as approved by the Compensation Committee. The number of RSUs and PRSUs awarded was determined based on the closing price of the Class A common stock on the date prior to the grant date. The number of PSUs awarded was determined based on the trailing 20-trading day average of the closing price of the Class A common stock through the grant date. The number of PRSUs and PSUs included in the table below is based on a 100% performance modifier, which was the target achievement at the time of grant (with the target amount being delivered 1/3 in RSUs, 1/3 in PRSUs and 1/3 in PSUs). We believe that the mix of RSUs, PRSUs and PSUs granted to our NEOs directly correlates to our compensation objectives and philosophy. By linking the performance modifiers to important metrics of Company business performance and total shareholder return, the NEOs' interests are aligned with those of stockholders to drive revenue and margin growth and create long-term value.

(2) Approved grant values shown above differ from the values shown in the Summary Compensation Table and Grants of Plan-Based Awards tables, which present value based on the fair value on the grant date in accordance with Financial Accounting Standard Board Accounting Standards Codification Topic 718 ("FASB ASC Topic 718") and also reflect rounding differences in the number of RSUs, PRSUs and PSUs granted.

(3) The number of 2025 PSUs granted was determined based on a price of \$133.36, which was the trailing 20-trading day average of the closing price of the Class A common stock through the grant date.

The RSUs, PRSUs and PSUs awarded to our NEOs provide for accelerated vesting upon the occurrence of certain events, such as certain terminations of employment or a change in control, as described below in the section titled “Executive Compensation Tables—Potential Payments upon Termination or Change in Control”. For a description of RSUs, PRSUs and PSUs held by NEOs that were outstanding under the Equity Plan as of the end of 2025, see the table titled “Executive Compensation Tables—Outstanding Equity Awards at Fiscal Year-End”.

Legacy Equity Plan—Options

As of December 31, 2025, Mr. Hult and Mr. Bruni each held awards under the Amended and Restated Tradeweb Markets Inc. 2018 Share Option Plan (previously the TWM LLC 2018 Share Option Plan, which is a pre-IPO plan that was amended and restated at the time of our IPO) (the “Option Plan”).

Prior to our IPO, each of Mr. Hult, Mr. Bruni and Mr. Peterson was granted options to purchase Class A common stock (the “Options”) under the Option Plan, which vested based on continued employment and achievement of Company performance goals through the end of 2021. The Options are all fully vested. For a description of Options held by NEOs that were outstanding as of the end of 2025, see the table titled “Executive Compensation Tables—Outstanding Equity Awards at Fiscal Year-End”.

Other Benefits and Perquisites

Retirement Plans

The Company maintains a tax-qualified defined contribution plan (the “401(k) Plan”) that provides retirement benefits to employees, including matching contributions. Each of Mr. Hult, Ms. Furber, Mr. Dixon and Mr. Peterson was eligible to participate in the 401(k) Plan on the same terms as other participating employees in 2025. Mr. Bruni was eligible to participate in the Company’s contributory pension scheme for employees located in Europe on the same terms as other participating employees in 2025.

Perquisites and Other Personal Benefits

The Company provides the NEOs with perquisites and other personal benefits, or an allowance for certain perquisites, that it believes are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain key individuals. Such perquisites and benefits include (i) financial planning services, (ii) executive life insurance, (iii) group life insurance, (iv) executive long-term disability insurance, (v) excess liability insurance and (vi) in the case of Mr. Bruni only, reimbursement of annual club membership dues.

Other Matters

Stock Ownership Guidelines

We believe that it is in the best interests of our stockholders for our senior management, including our NEOs, and our non-employee directors to maintain a significant ownership position in the Company to create alignment with our stockholders. Therefore, in December 2024, the Compensation Committee adopted stock ownership guidelines applicable to our senior management and non-employee directors.

The ownership guidelines require our senior management, including each NEO, and non-employee directors to hold shares of Class A Common Stock with an aggregate value of at least a specified multiple of base salary, or, in the case of non-employee directors, annual cash retainer for service as a director (excluding additional retainers for committee service or board leadership) as follows:

Participants	Multiple of Salary/Retainer
Chief Executive Officer	6X
Chief Financial Officer	3X
Other Executive Officers	2X
Non-Employee Directors	5X

Individuals subject to these guidelines have until December 2029 (the fifth anniversary of the effective date of the guidelines) to maintain the requisite ownership in order to be in compliance. Any participants who become subject to the guidelines following the date of adoption of the guidelines have five years from the time they become a participant to meet the applicable guideline. Shares counting toward the guideline include directly owned shares of Class A common stock and vested and unvested RSUs. PRSUs and PSUs do not count for purposes of share ownership until vested. Unexercised stock

options do not count for purposes of share ownership. As of March 2026, each NEO was in compliance with the Stock Ownership Guidelines, although compliance is not required until December 2029.

Clawback Policy

The Compensation Committee adopted an Omnibus Clawback Policy, effective as of October 2, 2023, in accordance with Exchange Act Rule 10D-1 and Nasdaq listing standards. The Omnibus Clawback Policy applies to current and former executive officers of the Company as defined in Rule 10D-1, including the NEOs, and is administered by the Compensation Committee. In the event that the Company is required to prepare an accounting restatement to correct material noncompliance with any financial reporting requirement under U.S. federal securities laws, including restatements that correct an error in previously issued financial statements that is material to the previously issued financial statements or that would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period, it is the Company's policy to recover incentive-based compensation awarded to executive officers that was calculated and paid based on erroneous financial statements. The recovery of such compensation applies regardless of whether an executive officer engaged in misconduct or otherwise caused or contributed to the requirement for a restatement. Other incentive-based compensation, including time-based short-term or long-term equity or other incentive awards, may also be recovered in the Compensation Committee's discretion. The Omnibus Clawback Policy is available as an exhibit to our 2025 Annual Report on Form 10-K.

Securities Trading Policy

The Board adopted a securities trading policy (the "Securities Trading Policy"), which governs the purchase, sale and other dispositions of our securities by directors, officers and employees (including, as applicable, their family members and controlled entities, in each case, as defined in the Security Trading Policy) and the Company and is designed to promote compliance with insider trading laws, rules and regulations, and the Nasdaq listing standards. Among other things, the Securities Trading Policy prohibits all employees from engaging in transactions involving the Company's stock while an individual is in possession of material nonpublic information about the Company or its securities and provides for trading windows and pre-clearance processes that apply to certain covered individuals. In addition, it prohibits our directors, officers or employees and certain other covered persons (as identified in the Securities Trading Policy) from (i) trading in options, warrants, puts, calls or similar instruments on the Company's securities or engage in short shares, (ii) engaging in any transactions (including variable forward contracts, equity swaps, collars and exchange funds) that are designed to hedge or offset any decrease in the market value of the Company's equity securities and (iii) purchasing the Company's securities on margin, borrowing against any account in which the Company's securities are held, or pledging the Company's securities as collateral for a loan, without first obtaining pre-clearance. The Securities Trading Policy is available as an exhibit to our 2025 Annual Report on Form 10-K.

Tax and Accounting Considerations

The Compensation Committee considers tax and accounting implications in its executive compensation determinations, although in some cases, other important considerations may outweigh tax or accounting considerations and the Compensation Committee maintains the flexibility to compensate its officers in accordance with the Company's compensation philosophy.

Fiscal 2026 Compensation Decisions

In January 2026, the Compensation Committee determined that Mr. Hult's 2026 annual cash bonus will be based on constant currency revenue growth (50%) and constant currency Adjusted EBITDA margin (50%) with a maximum payout level of 150%, consistent with 2025, and that the 2026 annual cash bonus pool for employees other than the CEO will be determined based on constant currency revenue growth. The Compensation Committee also determined that the long-term incentive compensation design for 2026 for the NEOs would be consistent with 2025.

Following a review of market practice, and in connection with changes in the Company's compensation program with respect to shifts in the equity v. cash mix for executives, among other items, in February 2026, the Compensation Committee approved or modified certain compensatory arrangements with its executive officers. The Compensation Committee approved the Amended and Restated Executive Severance Policy, effective as of February 5, 2026 (the "A&R Executive Severance Policy"). The A&R Executive Severance Policy amends and restates the prior Executive Severance Policy (as described below in the section titled "Executive Compensation Tables—Potential Payments upon Termination or Change in Control") in its entirety. Pursuant to the A&R Executive Severance Policy, Eligible Employees (defined as the Chief Executive Officer, any member of the Executive Committee of the Company and any other employee whose employment agreement indicates that the A&R Executive Severance Policy applies) are eligible to receive a Severance Amount (as defined below) upon a Qualifying Termination (defined as a termination by the Company for any reason other than cause, death or disability, or a resignation by the Eligible Employee for good reason). The "Severance Amount" is an amount equal to (i) accrued

compensation, plus (ii) one times the Eligible Employee’s base salary, payable in equal installments on the Company’s payroll dates during the one year period following the Termination Date, plus (iii) one and a half times the sum of (A) the Eligible Employee’s base salary and (B) the average actual bonus paid to the Eligible Employee in the three fiscal years preceding the date of termination, paid no later than 60 days following the execution of a release agreement. An Eligible Employee is also entitled to receive reimbursements for the excess costs of COBRA continuation for one year following the termination date. Mr. Hult continues to be entitled to severance pursuant to the terms of his employment agreement and not the A&R Executive Severance Policy, as described below in the section titled “Executive Compensation Tables—Potential Payments upon Termination or Change in Control”.

In addition, in February 2026, the Compensation Committee approved amendments (the “Executive Equity Agreement Amendments”) to existing outstanding RSU (other than Mr. Hult), PSU and PRSU grant agreements for members of the Executive Committee of the Company (the “Executive Equity Agreements”). Pursuant to the Executive Equity Agreement Amendments, upon a qualifying retirement (with a minimum of six months advance notice), a termination without cause, a termination on account of death or disability (each, a “Qualifying Termination”) or a resignation with good reason, in each instance, by a member of the Executive Committee of the Company, all outstanding and unvested PRSUs and PSUs, as applicable, will fully vest. RSUs, which terms already provide for full vesting upon a Qualifying Termination, will also fully vest on a resignation for good reason. Mr. Hult’s outstanding RSUs already provide for full vesting on such events. The PRSUs, PSUs and RSUs will continue to settle upon the scheduled settlement dates. All other terms applicable to the RSUs, PRSUs and PSUs, as disclosed herein are unchanged. All equity grants to be made to the Executive Committee members in 2026 and thereafter will be made pursuant to similar terms.

Finally, in September 2025, the Compensation Committee, in consultation with ClearBridge, approved the following peer group for purposes of benchmarking the Company’s 2026 performance year executive compensation program, based on the criteria set forth above under “—Compensation Determination Process—Peer Group”. The peer group for 2026 performance year is the same as for 2025, with the exception that Aspen Technology, Inc. was removed from the list because it was acquired.

(1) Ms. Furber, Mr. Bruni, Mr. Dixon and Mr. Peterson each received an annual bonus in respect of 2025 as described above in the section titled “Compensation Discussion and Analysis—Fiscal 2025 Compensation Program in Detail—Annual Cash Bonuses—NEOs other than the Chief Executive Officer”. In addition to his annual cash bonus, Mr. Dixon also received a one-time signing cash bonus in consideration of his forfeiture of certain income and interests provided by his previous employer, as described below in the section titled “Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table”.

(2) The amounts included in the “Stock Awards” column represent the grant date fair value of RSU awards, PRSU awards and PSU awards computed in accordance with FASB ASC Topic 718. Details and assumptions used in calculating the grant date fair value of the RSU, PRSU and PSU awards may be found in Note 2—Significant Accounting Policies and Note 13—Stock-Based Compensation Plans to our consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2025. The grant date fair value of PRSU awards included in this column for each executive is based on target performance, which in turn, was based on the Company’s estimate of the probable outcome of the performance modifier on the grant date. The grant date fair value of PSU awards included in this column for each executive is based on a Monte Carlo simulation model.

The table below sets forth the grant date value of the PRSU and PSU awards made in 2025 assuming the highest level of performance achievement, with such values calculated by multiplying the maximum number of units that each executive may earn under each award (250% of the target number of units) by the per-share closing market price of our Class A common stock on the trading day prior to the grant date, which was \$135.80. Given the timing of his hire and the terms of his offer letter, Mr. Dixon did not receive an award of PRSUs or PSUs in 2025.

NEO	PRSU Grant Date Value Based on Maximum Achievement (\$)	PSU Grant Date Value Based on Maximum Achievement (\$)
Billy Hult	10,416,539	10,606,931
Sara Furber	3,347,470	3,408,580
Enrico Bruni	3,272,101	3,331,853
Justin Peterson	2,284,156	2,325,847

(3) The amounts included in the “Non-Equity Incentive Plan Compensation” column reflect Mr. Hult’s earned annual performance bonus, which amounts are based on performance goals set by the Compensation Committee as described above in the section titled “Compensation Discussion and Analysis—Fiscal 2025 Compensation Program in Detail—Annual Cash Bonuses—Chief Executive Officer” and to which he is entitled pursuant to his employment agreement.

(4) The amounts included in the “All Other Compensation” column for 2025 represent (A) for all executives other than Mr. Bruni, (i) financial planning services (other than Ms. Furber and Mr. Dixon), (ii) executive life insurance, (iii) group life insurance, (iv) matching contributions of \$14,000 to each executive’s account under the Company’s 401(k) plan, (v) executive long-term disability insurance, and (B) for Mr. Bruni, (i) annual club membership dues and (ii) contributions to and payments in respect of a contributory pension scheme in which he

participates in an amount equal to \$47,929 in the aggregate. The value of any dividend equivalent rights accrued in respect of RSU, PRSU and PSU grants to the NEOs are not included in the “All Other Compensation” column because those amounts were factored into the grant date fair value for the relevant RSU, PRSU and PSU grants.

- (5) Mr. Bruni served as Managing Director, Head of Europe and Asia during the periods presented in this table until he was appointed as Managing Director, Co-Head of Global Markets effective as of January 21, 2025. - (6) Mr. Dixon was appointed as Managing Director, Co-Head of Global Markets effective as of January 21, 2025.

Options Exercised and Stock Vested

The following table summarizes the option exercises and stock vested by each of the NEOs during the fiscal year ended December 31, 2025. Given the timing of his hire and the terms of his offer letter, none of Mr. Dixon’s stock awards granted to him as an executive of the Company vested during the fiscal year ended December 31, 2025.

Name	Option Awards		Stock Awards	
	Number of shares acquired on exercise (#)	Value realized on exercise (\$) ⁽¹⁾	Number of shares acquired on vesting (#) ⁽²⁾	Value realized on vesting (\$) ⁽³⁾

Potential Payments upon Termination or Change in Control

Severance under Employment Agreements

Pursuant to the terms of his employment agreement, Mr. Hult is entitled to receive certain payments or benefits in connection with certain termination events.

If Mr. Hult is terminated by the Company without Cause, as a result of a Company nonrenewal of his employment agreement, or if he resigns for Good Reason (as such terms are defined in his employment agreement) (each, a “Qualifying Termination”), he is entitled to the following: (1) cash severance equal to two times the sum of (A) his base salary at the rate in effect immediately prior to the date of termination and (B) the average annual bonus earned by Mr. Hult for the two calendar years ending immediately prior to the year of termination (the “Severance Amount”), payable in equal installments on the Company’s regular payroll dates occurring during the 24-month period following the date of termination (such period, the “Severance Period”), (2) a prorated bonus for the year of termination based on the actual performance of the Company for the full year (the “Prorated Bonus”), (3) any earned but unpaid annual bonus for the prior completed fiscal year of the Company (the “Earned Bonus”) and (4) subject to Mr. Hult’s timely election of continuation coverage under the Consolidated

Omnibus Budget Reconciliation Act of 1985, as amended (“COBRA”), and his payment of premiums associated with such coverage, reimbursement for the same portion of the premium costs of continued health benefits for Mr. Hult and his covered dependents that the Company pays in respect of an active employee electing equivalent coverage, on a monthly basis (“Medical Benefit Continuation”) for the Severance Period, or through such earlier date on which COBRA coverage for Mr. Hult and his covered dependents terminates in accordance with COBRA.

In addition, if a Qualifying Termination occurs during the three-month period preceding or the 12-month period following the date of a Change in Control (as defined in the Equity Plan), Mr. Hult will be entitled to the following: (1) cash severance equal to two and one-half times the sum of (A) his base salary at the rate in effect immediately prior to the date of termination and (B) the average annual bonus earned by Mr. Hult for the two calendar years ending immediately prior to the year of termination (the “CIC Severance Amount”), payable in equal installments on the Company’s regular payroll dates occurring during the 30-month period following the date of termination (such period, the “CIC Severance Period”), (2) the Prorated Bonus, (3) the Earned Bonus and (4) the Medical Benefit Continuation for the CIC Severance Period, or through such earlier date on which COBRA coverage for Mr. Hult and his covered dependents terminates in accordance with COBRA (the “CIC Medical Benefit Continuation”). To the extent either the Medical Benefit Continuation or CIC Medical Benefit Continuation, as applicable, result in Mr. Hult receiving continuation coverage beyond what COBRA requires, the Company’s obligation under the employment agreement will be satisfied by paying to Mr. Hult on a monthly basis the same amount that it was paying immediately prior to the cessation of the statutory COBRA continuation coverage period.

Mr. Hult’s entitlement to the Severance Amount or CIC Severance Amount, as applicable, the Prorated Bonus and the Medical Benefit Continuation or CIC Medical Benefit Continuation, as applicable, will in each case be subject to Mr. Hult’s execution and non-revocation of a release of claims and his continued compliance with the restrictive covenants set forth in the employment agreement.

Pursuant to Mr. Hult’s employment agreement, in the event that any of the payments or benefits would constitute “parachute payments” (“Parachute Payments”) within the meaning of Section 280G of the Code and would be subject to the excise tax imposed under Section 4999 of the Code or any interest or penalties with respect to such excise tax (collectively, the “Excise Tax”), then such Parachute Payments to be made to Mr. Hult will be payable either (1) in full or (2) as to such lesser amount which would result in no portion of such Parachute Payments being subject to the Excise Tax, whichever of the foregoing amounts, taking into account the applicable federal, state and local income taxes and the Excise Tax, results in Mr. Hult’s receipt, on an after-tax basis, of the greatest economic benefit under his employment agreement, notwithstanding that all or some portion of such payments or benefits may be subject to the Excise Tax. If a reduction in the Parachute Payment is necessary, then the reduction shall occur in accordance with the terms of the employment agreement.

Executive Severance Policy

During 2025, each of the NEOs (other than Mr. Hult) was entitled to severance payments and benefits pursuant to an executive severance policy maintained by the Company for certain executive officers. Pursuant to this plan, in the event of a termination without cause, the executives are entitled to (i) continuation of their base salary for 12 months following termination, (ii) a payment equal to the sum of (A) their highest annual bonus received in respect of the two most recent calendar years completed prior to their termination, paid at the time bonuses are generally paid to senior executives (the “Reference Bonus Amount”), and (B) the Reference Bonus Amount prorated for the number of days worked during the calendar year preceding the date of termination, paid at the time when annual bonuses are paid generally to senior executives and (iii) for all NEOs other than Mr. Bruni, reimbursement, on a monthly basis, for the excess costs of continued health benefits for the executive and the executive’s covered dependents under COBRA for one year following termination or until such earlier date on which COBRA coverage terminates in accordance with COBRA. The executive severance policy was intended to supersede any notice provisions under Mr. Bruni’s employment agreement. Payment of the severance payments and benefits described above was subject to the applicable executive’s execution of a release of claims.

In February 2026, the Compensation Committee approved an Amended and Restated Executive Severance Policy, which replaces the above plan in its entirety. Please see “Compensation Discussion and Analysis—Fiscal 2026 Compensation Decisions” above for further information.

Severance under Equity Awards

Equity awards outstanding as of December 31, 2025 were subject to the terms described below.

Options

Each of Mr. Hult, Mr. Bruni and Mr. Peterson was granted pre-IPO Options under the Option Plan (described above under the section titled “Fiscal 2025 Compensation Program in Detail—Long-Term Equity Incentives”) and, as of December 31, 2024, Mr. Hult and Mr. Bruni continued to hold fully vested Options. If a participant is terminated for Cause (as defined in the Option Plan) or is in breach of a restrictive covenant in favor of the Company, the Option will be terminated. Upon the

termination of the participant's employment for any reason other than Cause, vested Options will remain outstanding and exercisable for (i) in the case of the participant's resignation without Good Reason (as defined in the Option Plan), 45 days following the date of resignation, (ii) in the case of a termination of the participant's employment by the Company without Cause or by the participant for Good Reason, the 90-day period following the date of termination or (iii) in the case of a termination of the participant's employment on account of death or Disability (as defined in the Option Plan), the one-year period following the date of termination. If a participant's employment has terminated due to retirement (as defined in the applicable plan document), the vested Option will remain outstanding until the expiration of its term (or a breach of restrictive covenants by the participant) or until exercised, if earlier.

RSUs

Each of our NEOs has been granted RSUs under the Equity Plan (as described above under the section titled "Fiscal 2025 Compensation Program in Detail—Long-Term Equity Incentives"). In connection with certain transactions or termination events, the RSUs will be treated as described below.

Treatment in connection with a Change in Control. In the event of a change in control, any outstanding RSUs will vest on the date of the change in control and will continue to be paid out on their originally scheduled settlement dates; provided, however, that if the change in control constitutes a "Qualified Change of Control", payment will be made at the time and in the same form of consideration delivered to the Company's stockholders in connection with such transaction.

Treatment upon Termination. In the event an NEO is terminated (i) without cause, (ii) due to the NEO's death or disability or (iii) due to the NEO's retirement, the NEO will be entitled to retain the RSUs and the award will continue to be paid out on its originally scheduled settlement dates.

PRSUs

Each of our NEOs, except for Mr. Dixon, has been granted PRSUs under the Equity Plan (as described above under the section titled "Fiscal 2025 Compensation Program in Detail—Long-Term Equity Incentives"). In connection with certain transactions or termination events, the PRSUs will be treated as described below.

Treatment in connection with a Change in Control. In the event of a change in control, any outstanding PRSUs will fully vest on the date of the change in control and will continue to be paid out on their originally scheduled settlement date; provided, however, that if the change in control constitutes a "Qualified Change in Control" (generally defined as a change in ownership or effective control for purposes of Section 409A of the Code), payment will be made at the time and in the same form of consideration delivered to the Company's stockholders in connection with such transaction. If a change in control occurs prior to the establishment of the performance modifier with respect to a PRSU award, the performance modifier will be 100%.

Treatment upon Termination. For PRSUs granted prior to March 15, 2024, in the event of the NEO's retirement, the PRSUs will fully vest on the date of retirement and will continue to be paid out on their originally scheduled settlement date.

For PRSUs granted to an NEO other than Mr. Hult on or after March 15, 2023, in the event such NEO is terminated (i) without cause (for 2023 awards, only if terminated after the one-year anniversary of the grant date) or (ii) due to the NEO's death or disability, the NEO is entitled to pro-rata vesting as set forth in the immediately preceding paragraph. For PRSUs granted to Mr. Hult on or after March 15, 2023, in the event he is terminated (i) without Cause (as defined in his employment agreement), (ii) as a result of nonrenewal of his employment agreement, (iii) due to his death or disability or (iv) as a result of his resignation for Good Reason (as defined in his employment agreement), he was entitled to pro-rata vesting as set forth in the immediately preceding paragraph. For PRSUs granted in 2024 and after, in the event of the NEO's retirement, Mr. Hult's PRSUs will fully vest and the other NEOs will be entitled to pro-rata vesting as set forth in the immediately preceding paragraph.

PSUs

Each of our NEOs, except for Mr. Dixon, has been granted PSUs under the Equity Plan (as described above under the section titled "Fiscal 2025 Compensation Program in Detail—Long-Term Equity Incentives"). In connection with certain transactions or termination events, the PSUs will be treated as described below.

Treatment in connection with a Change in Control. In the event of a change in control, any outstanding PSUs will fully vest on the date of the change in control, with the total shareholder return performance modifier determined based on the per-share price to be paid to the stockholders of the Company in connection with the change in control and will continue to be paid out on their originally scheduled settlement date; provided, however, that if the change in control constitutes a Qualified Change in Control, payment will be made at the time and in the same form of consideration delivered to the Company's stockholders in connection with such transaction.

Treatment upon Termination. For PSUs granted to an NEO other than Mr. Hult, in the event such NEO was terminated (i) without cause, (ii) due to the NEO's death or disability or (iii) upon the NEO's retirement, the NEO was entitled to retain a pro-rated number of the PSUs at target level of achievement, based on days worked for the vesting period (with the first date

Table of Contents

Executive Compensation

of the vesting period being January 1 of the year of grant), which remained eligible to vest and settle on the originally scheduled date. For PSUs granted to Mr. Hult, in the event he was terminated (i) without Cause (as defined in his employment agreement), (ii) as a result of nonrenewal of his employment agreement, (iii) due to his death or disability or (iv) as a result of his resignation for Good Reason (as defined in his employment agreement), he was entitled to pro-rata vesting as set forth in the immediately preceding sentence. In the event of Mr. Hult's retirement, his PSUs will fully vest.

In February 2026, the Compensation Committee approved certain modifications to the terms applicable for RSUs, PRSUs and PSUs upon certain termination events, including amendments to existing outstanding awards. Please see "Compensation Discussion and Analysis—Fiscal 2026 Compensation Decisions" above for further information.

The table below estimates the dollar value of the additional payments and benefits that the NEOs would have been entitled to receive under the plans and arrangements described above, assuming the applicable triggering event occurred on December 31, 2025. For this purpose, we have assumed a value of \$107.54 per share of our Class A common stock, the closing price of the Class A common stock on December 31, 2025.

Pay Ratio Disclosure

In accordance with SEC rules and applying the methodology described below, we calculated the annual total compensation of our median employee (other than our CEO) for fiscal 2025 to be \$238,000. As reported in the Summary Compensation Table for fiscal 2025 in this Proxy Statement, the annual total compensation of our CEO for fiscal 2025 was \$20,620,952. Based on this information, the ratio of the annual total compensation of our CEO to the annual total compensation of our median employee for fiscal 2025 was 87:1.

Table of Contents

Executive Compensation

To identify our median employee, we used the following methodology:

- We determined our median employee based on our entire employee population as of December 31, 2025.
- We used a consistently applied compensation measure that included the sum of each employee’s base salary (including overtime earned in 2025), bonuses and commissions earned in 2025 and the grant date fair value of all equity granted in 2025.
- We annualized the base salaries for employees who were employed by us for less than the entire calendar year.
- Compensation paid in foreign currencies was converted to U.S. dollars based on the annual plan rate for the year ended December 31, 2025.

Using this approach, we identified our median employee and then calculated the annual total compensation of this employee for 2025 in accordance with the requirements of the Summary Compensation Table.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. Because the SEC’s rules for identifying the median compensated employee and calculating the pay ratio based on that employee’s annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

Pay Versus Performance

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(v) of Regulation S-K, we are providing the following information about the relationship between executive “compensation actually paid” (calculated in accordance with Item 402(v) of Regulation S-K) and certain financial performance of the Company. For further information concerning the Company’s pay-for-performance philosophy and how the Company’s aligns executive compensation with the Company’s performance, refer to “Executive Compensation—Compensation Discussion and Analysis”.

The names of each of the NEOs (excluding our then-current PEO) included for purposes of calculating the average amounts in each applicable year are as follows (collectively, our “Non-PEO NEOs”): (i) for 2025, Sara Furber, Enrico Bruni, Justin Peterson and Troy Dixon; (ii) for 2024, Sara Furber, Enrico Bruni, Justin Peterson, Amy Clack and Thomas Pluta; (iii) for 2023, Sara Furber, Enrico Bruni, Justin Peterson and Thomas Pluta; (iv) for 2022, Billy Hult, Sara Furber, Enrico Bruni and Justin Peterson; and (v) for 2021, Robert Warshaw, Billy Hult, Sara Furber, Enrico Bruni and Justin Peterson.
- (2) The dollar amounts reported represent the amount of “compensation actually paid”, as computed in accordance with Item 402(v) of Regulation S-K. The dollar amounts do not reflect the actual amount of compensation earned by or paid during the applicable year. In accordance with SEC rules, the following adjustments were made to total compensation to determine the compensation actually paid:

	Year	Reported Summary Compensation Table Total	Reported Grant Date Fair Value of Equity Awards in SCT ^(a)	Equity Award Adjustments ^(b)	Compensation Actually Paid
Billy Hult	2025	\$ 20,620,952	\$ 15,082,345	\$ (872,457)	\$ 4,666,150
Average of Non-PEO NEOs	2025	\$ 7,081,488	\$ 4,222,921	\$ (473,862)	\$ 2,384,705

(a) Represents the grant date fair value of equity awards as reported in the “Stock Awards” columns in the Summary Compensation Table (“SCT”) in this Proxy Statement.

(b) The equity award adjustments include the addition (or subtraction, as applicable) of the following: (i) the year-end fair value of any equity awards granted that are outstanding and unvested as of the end of the year; (ii) the amount of change as of the end of the year (from the end of the prior fiscal year) in fair value of any awards granted in prior years that are outstanding and unvested as

of the end of the year; (iii) for awards that are granted and vest in the same year, the fair value as of the vesting date; (iv) for awards granted in prior years that vest in the year, the amount equal to the change as of the vesting date (from the end of the prior fiscal year) in fair value; (v) for awards granted in prior years that are determined to fail to meet the applicable vesting conditions during the year, a deduction for the amount equal to the fair value at the end of the prior fiscal year; and (vi) the dollar value of any dividends or other earnings paid on stock or option awards in the year prior to the vesting date that are not otherwise reflected in the fair value of such award or included in any other component of total compensation for the year. The valuation assumptions used to calculate fair values did not materially differ from those disclosed at the time of grant. The amounts deducted or added in calculating the equity award adjustments are as follows:

	Year	Year End Fair Value of Equity Awards Granted in the Year	Year over Year Change in Fair Value of Outstanding and Unvested Equity Awards Granted in Prior Year	Fair Value as of Vesting Date of Equity Awards Granted and Vested in the Year	Change in Fair Value During the Fiscal Year Through the Vesting Date of Equity Awards Granted in Prior Fiscal Years that Vested in the Fiscal Year	Fair Value at the End of the Prior Year of Equity Awards that Failed to Meet Vesting Conditions in the Year	Value of Dividends or other Earnings Paid on Stock or Option Awards not Otherwise Reflected in Fair Value	Total Equity Award Adjustments

- (3) The dollar amounts reported represent the amount of cumulative total return for the Class A common stock (“Company Cumulative TSR”) calculated as of the end of each measurement period based on an initial investment of \$100 in the Class A common stock on December 31, 2020, assuming the reinvestment of all dividends.
- (4) The dollar amounts reported represent the amount of cumulative total return for the Dow Jones US Financials Index (“Peer Group Cumulative TSR”) calculated as of the end of each measurement period based on an initial investment of \$100 in shares of the Dow Jones US Financials Index on December 31, 2020, assuming the reinvestment of all dividends.
- (5) The dollar amounts reported represent the amount of net income reflected in the Company’s audited financial statements for the applicable year.
- (6) The percentage amounts reported represent the constant currency revenue change, which is a non-GAAP financial measure, defined as total revenue change excluding the effects of foreign currency fluctuations. Total revenue excluding the effects of foreign currency fluctuations is calculated by translating the current period and prior period’s total revenue using the annual average exchange rates for the prior period.

Financial Performance Measures

As described in greater detail in “Executive Compensation—Compensation Discussion and Analysis”, the Company’s executive compensation program reflects a variable pay-for-performance philosophy. The performance metrics that we use for both our long-term and short-term incentive awards are selected based on the objective of incentivizing our NEOs to increase the value of our enterprise for our shareholders. The most important financial performance measures used by the Company to link executive compensation actually paid to the Company’s NEOs for the most recently completed fiscal year to the Company’s performance are as follows:

- Constant Currency Revenue Change
- Constant Currency Adjusted EBITDA Change
- Constant Currency Adjusted EBITDA Margin
- Total Shareholder Return

Analysis of the Information Presented in the Pay versus Performance Table

The tables above and graphs below demonstrate the relationship between compensation actually paid for the PEO and non-PEO NEOs with the Company’s cumulative TSR, net income and the Company Selected Measure (constant currency revenue change) over the measurement period. Changes in compensation actually paid are largely attributable to the fluctuation in value of outstanding equity awards, which correlate with increases and decreases in stock price and cumulative TSR. In 2025, the compensation actually paid to the PEO and non-PEO NEOs decreased consistent with the decline in value of outstanding equity awards and the related decreases in stock price and cumulative TSR. During the year ended December 31, 2025, net income increased by \$351.5 million or 61.7% to \$921.5 million, including \$270.9 million in non-operating other income gains on Canton Coin holdings. Other income (loss), net is excluded from all of the Company’s non-GAAP financial measures used to supplement information in our financial results. Executive Compensation

December 31, 2025, filed with the U.S. Securities and Exchange Commission on February 5, 2026 for additional details on the increase in net income and a reconciliation of non-GAAP financial measures.

As described in more detail in the section “Executive Compensation—Compensation Discussion and Analysis”, the Company’s executive compensation program reflects a variable pay-for-performance philosophy. While the Company utilizes several performance measures to align executive compensation with Company performance, including non-financial performance measures, all of those Company measures are not presented in the Pay versus Performance table. Moreover, the Company generally seeks to incentivize long-term performance and therefore does not specifically align the Company’s performance measures with compensation that is actually paid (as computed in accordance with SEC rules) for a particular year. In accordance with Item 402(v) of Regulation S-K, the Company is providing the following tables showing the relationships between information presented in the Pay versus Performance table.

Director Compensation

During fiscal 2025, members of the Board were compensated for their service pursuant to the terms of the Company's Non-Employee Director Compensation Policy. In 2025, each of Mr. Aigrain, Mr. Berns, Mr. Ganeles, Ms. Madoff, Ms. Opoku, Mr. Repetto and Ms. Yared was entitled to an annual retainer of \$100,000 and an annual grant of RSUs with a value of \$185,000 at the time of grant. As described below, directors are eligible to receive additional cash payments and equity awards for service in Board leadership positions. Pursuant to the Company's Non-Employee Director Compensation Policy, for new directors, the RSUs may be granted in connection with the director's appointment to the Board or at the next occurring annual meeting of stockholders, in the Board's discretion. For continuing directors, RSUs are granted on the date of the annual meeting of stockholders and vest on the one-year anniversary of the grant date. In 2025, the following directors received grants in the amounts and on the vesting schedules set forth below:

Name	# of RSUs Granted	Vest Date
Jacques Aigrain	2,062	May 20, 2026

\$150,000 to \$185,000, (ii) increase the additional cash retainer for the Chair of the Audit and Risk Committee from \$30,000 to \$35,000, (iii) increase the additional cash retainer for the Chair of the Nominating and Corporate Governance Committee from \$20,000 to \$25,000 and (iv) maintain the total additional compensation amount for the Chairperson of the Board, but shift the mix of compensation to be delivered to \$85,000 in cash (up from \$50,000) and \$115,000 in equity (down from \$150,000, in order to comply with the non-employee director equity compensation limit in the Equity Plan).

In addition to the above, all non-employee directors were reimbursed for out-of-pocket expenses incurred in attending Board and committee meetings and for the reasonable and documented expenses incurred to attend programs designed to provide continuing education.

Certain Relationships and Related Person Transactions

POLICIES AND PROCEDURES FOR RELATED PERSON TRANSACTIONS

Our Board has adopted a written policy providing that the Audit and Risk Committee will review and approve (or disapprove) or ratify transactions in excess of \$120,000 of value in which we participate and in which a related person (as defined below) has or will have a direct or indirect material interest. Under this policy, the Audit and Risk Committee is to obtain all information it believes to be relevant to a review and approval or ratification of these transactions. After consideration of the relevant information, the Audit and Risk Committee is to approve only those related person transactions that the Audit and Risk Committee determines are not inconsistent with the best interests of the Company. In particular, our policy with respect to related person transactions requires our Audit and Risk Committee to consider the relationship of the related person to the Company, the nature and extent of the related party's interest in the transaction, the material terms of the transaction, the importance and fairness of the transaction both to the Company and to the related person, the business rationale for engaging in the transaction, whether the transaction would likely impair the judgment of a director or executive officer to act in the best interest of the Company and whether the value and the terms of the transaction are substantially similar as compared to those of similar transactions previously entered into by the Company with non-related persons, if any. In general, a "related person" is any person who is or was one of our executive officers, directors or director nominees or is a holder of more than 5% of our common stock, or an immediate family member of any of the foregoing persons.

The following is a description of transactions since January 1, 2025, in which we were or are to be a participant, in which the amount involved exceeded or will exceed \$120,000, and in which any of our executive officers, directors or holders of more than 5% of any class of our voting securities, or immediate family member thereof, had or will have a direct or indirect material interest. We believe the terms obtained or consideration that we paid or received, as applicable, in connection with the transactions described below were comparable to terms available or amounts that would be paid or received, as applicable, in arm's-length transactions with unrelated third parties. To the extent there are pre-IPO transactions described below they were entered into prior to the adoption of our related person transactions policy. The remainder of the transactions have been approved by the Audit and Risk Committee in accordance with our related person transactions policy.

Certain of the disclosures in this section are summaries of certain provisions of our related party agreements and are qualified in their entirety by reference to all of the provisions of such agreements. Because these descriptions are only summaries of the applicable agreements, they do not necessarily contain all of the information that you may find useful.

TRANSACTIONS WITH LSEG

We maintain a shared services agreement with LSEG, which indirectly owns a majority of our voting power. Under the terms of the shared services and other agreements, LSEG provides us with certain market data, office space, finance, HR and other administrative services. The shared services agreement was amended in June 2016 to continue to be in effect in perpetuity, except that the agreement will automatically terminate upon termination of the market data license agreement. In addition, either party can terminate the shared services agreement with respect to one or more services upon written notice delivered, in the case of termination effective at the end of the then-current calendar year, 90 days prior to the end of such calendar year or, in the case of termination effective at any other date, at least six months prior to such date. During the year ended December 31, 2025, we incurred expenses of approximately \$9.8 million relating to these services.

We also maintain a market data license agreement with LSEG pursuant to which we license certain market data (including real time feeds) for multiple fixed income and derivatives products to LSEG and its relevant affiliates in exchange for fixed license fees or, in some cases, fees payable based on a percentage of revenue generated by LSEG. The current agreement replaced an existing agreement that was initiated in 2010 and most recently renewed in 2025. The agreement includes customary termination provisions, including in the event of a material breach that is not cured within 30 days of receipt of written notice. During the year ended December 31, 2025, we earned approximately \$93.2 million of revenue under this agreement.

From time to time, we enter into transactions with certain of our 5% stockholders listed under the heading "Security Ownership of Certain Beneficial Owners and Management", including LSEG and its affiliates, that are not considered to be related party transactions required to be disclosed under SEC rules.

TRANSACTIONS WITH IALTA CAPITAL MARKETS, LLC

Scott Ganeles, a member of our Board, serves as the Chief Executive Officer of iAltA Holdings, LLC (“iAltA Holdings”), iAltA Capital Markets, LLC, a subsidiary of iAltA Holdings (“iAltA Capital”), and Quorim, LLC, a subsidiary of iAltA Capital (“Quorim”). In September 2025, the Company and iAltA Holdings entered into an agreement to make equity investments in iAltA Capital. Pursuant to this agreement, as of the date of this proxy statement, the Company invested \$5.0 million and iAltA Holdings invested \$5.0 million, resulting in each party owning a 50% equity interest in iAltA Capital. Through Quorim, the parties expect to jointly pursue potential private credit opportunities. The agreement also provides the Company and iAltA Holdings with the option to make additional equity investments in iAltA Capital, up to an aggregate of \$20.0 million in the aggregate between the two parties.

RELATED PERSON TRANSACTIONS ENTERED INTO IN CONNECTION WITH THE IPO

In connection with the Reorganization Transactions, we engaged in certain transactions with certain of our directors, executive officers and other persons and entities, including those which are holders of 5% or more of our voting securities.

TWM LLC Agreement

We operate our business through TWM LLC and its subsidiaries. In connection with the IPO, we and the owners of TWM LLC prior to the Reorganization Transactions (including the Refinitiv Owners, the Bank Members named therein (such Bank Members, the “Bank Stockholders”) and members of management, the “Original LLC Owners”) that received LLC Interests entered into TWM LLC’s fifth amended and restated limited liability company agreement, which we refer to as the “TWM LLC Agreement”. As of March 20, 2026, there are no remaining Bank Stockholders. The operations of TWM LLC, and the rights and obligations of the holders of LLC Interests, are set forth in the TWM LLC Agreement.

Appointment as Manager. Under the TWM LLC Agreement, we are a member and the sole manager of TWM LLC. As the sole manager, we are able to control all of the day-to-day business affairs and decision-making of TWM LLC without the approval of any other member, unless otherwise stated in the TWM LLC Agreement. As such, we, through our officers and directors, are responsible for all operational and administrative decisions of TWM LLC and the day-to-day management of TWM LLC’s business. Pursuant to the terms of the TWM LLC Agreement, we cannot, under any circumstances, be removed as the sole manager of TWM LLC except by our election.

Compensation. We are not entitled to compensation for our services as manager. We are entitled to reimbursement by TWM LLC for fees and expenses incurred on behalf of TWM LLC, including all expenses associated with maintaining our existence as a separate legal entity.

Recapitalization. The TWM LLC Agreement recapitalized the units held by the members of TWM LLC at the time of the Reorganization Transactions into a single class of common membership units, which we refer to as the “LLC Interests”. The TWM LLC Agreement also reflects a split of LLC Interests such that one LLC Interest could be acquired with the net proceeds received in the IPO from the sale of one share of the Class A common stock. Each LLC Interest entitles the holder to a pro rata share of the net profits and net losses and distributions of TWM LLC.

Distributions. In connection with any tax period, the TWM LLC Agreement requires TWM LLC to make distributions to its members, on a pro rata basis in proportion to the number of LLC Interests held by each member, of cash until each member (other than us) has received an amount at least equal to its assumed tax liability and we have received an amount sufficient to enable us to timely satisfy all of our U.S. federal, state and local and non-U.S. tax liabilities. To the extent that any member would not receive its percentage interest of the aggregate tax distribution, the tax distribution for such member will be increased to ensure that all distributions are made pro rata in accordance with such member’s percentage interest. Tax distributions will also be made only to the extent all distributions from TWM LLC for the relevant period were otherwise insufficient to enable each member to cover its tax liabilities as calculated in the manner described above. The TWM LLC Agreement also allows for distributions to be made by TWM LLC to its members on a pro rata basis out of distributable cash. We expect TWM LLC may make distributions out of distributable cash periodically to the extent permitted by any agreements governing our indebtedness, as applicable, and necessary to enable us to cover our operating expenses and other obligations, including any payments under the Tax Receivable Agreement, as well as to make expected dividend payments, if any, to the holders of the Class A common stock and Class B common stock.

LLC Interest Redemption Right. Subject to certain restrictions set forth therein, the TWM LLC Agreement provides a redemption right to the Original LLC Owners (including certain of the Bank Stockholders and members of management and excluding the Refinitiv LLC Owner) that continue to own LLC Interests after the completion of the IPO and Reorganization Transactions (the “Other LLC Owners”, and together with the Refinitiv LLC Owner, the “Continuing LLC Owners”), which entitles them to have their LLC Interests redeemed, at the election of each such person, for newly issued shares of our Class A common stock or Class B common stock, as applicable, on a one-for-one basis (subject to customary adjustments, including for stock splits, stock dividends and reclassifications) or, at our option, as determined by or at the direction of our Board,

which includes directors who hold LLC Interests or are affiliated with holders of LLC Interests and may include such directors in the future, a cash payment equal to a volume weighted average market price of one share of Class A common stock for each LLC Interest redeemed or exchanged (subject to customary adjustments, including for stock splits, stock dividends and reclassifications). In the event we elect to make a cash payment, a Continuing LLC Owner has the option to rescind its redemption request within a specified time period. Upon the exercise of the redemption right, the redeeming member will surrender its LLC Interests to TWM LLC. The TWM LLC Agreement requires that we contribute cash or shares of the Class A common stock or Class B common stock to TWM LLC in exchange for an amount of newly issued LLC Interests in TWM LLC that will be issued to us equal to the number of LLC Interests redeemed (and thereafter cancelled) from the Continuing LLC Owner to the extent required so as to maintain a one-to-one ratio between the number of LLC Interests owned by us and the number of outstanding Class A common stock and Class B common stock. TWM LLC will then distribute the cash or shares of our Class A common stock or Class B common stock, as the case may be, to such Continuing LLC Owner to complete the redemption. In the event of such election by a Continuing LLC Owner we may, at our option, effect a direct exchange of cash or Class A common stock or Class B common stock for such LLC Interests of the redeeming members in lieu of such redemption. Whether by redemption or exchange, we are obligated to ensure that at all times the number of LLC Interests that we own equals the aggregate number of shares of Class A common stock and Class B common stock issued by us (subject to certain exceptions for treasury shares and shares underlying certain convertible or exchangeable securities).

Issuance of LLC Interests Upon Exercise of Options or Issuance of Other Equity Compensation. Upon the exercise of options issued by us, or the issuance of other types of equity compensation by us (such as the issuance of restricted or non-restricted stock, payment of bonuses in stock or settlement of stock appreciation rights in stock), we will be required to acquire from TWM LLC a number of LLC Interests equal to the number of shares of Class A common stock being issued in connection with the exercise of such options or issuance of other types of equity compensation. When we issue shares of Class A common stock in settlement of stock options granted to persons that are not officers or employees of TWM LLC or its subsidiaries, we will make, or be deemed to make, a capital contribution to TWM LLC equal to the aggregate value of such shares of Class A common stock and TWM LLC will issue to us a number of LLC Interests equal to the number of shares of Class A common stock we issued. When we issue shares of Class A common stock in settlement of stock options granted to persons that are officers or employees of TWM LLC or its subsidiaries, we will be deemed to have sold directly to the person exercising such award a portion of the value of each share of Class A common stock equal to the exercise price per share and we will be deemed to have sold directly to TWM LLC (or the applicable subsidiary of TWM LLC) the difference between the exercise price and market price per share for each such share of Class A common stock. In cases where we grant other types of equity compensation to employees of TWM LLC or its subsidiaries, on each applicable vesting date we will be deemed to have sold to TWM LLC (or such subsidiary) the number of vested shares at a price equal to the market price per share, TWM LLC (or such subsidiary) will deliver the shares to the applicable person and we will be deemed to have made a capital contribution in TWM LLC equal to the purchase price for such shares in exchange for an equal number of LLC Interests.

Maintenance of one-to-one ratio of shares of Class A common stock, Class B common stock and LLC Interests owned by Tradeweb. The TWM LLC Agreement requires that TWM LLC at all times maintain (x) a one-to-one ratio between the number of shares of Class A common stock and Class B common stock issued by us and the number of LLC Interests owned by us and (y) a one-to-one ratio between the number of shares of Class C common stock and Class D common stock issued by us and the number of LLC Interests owned by the holders of such Class C common stock and Class D common stock.

Transfer Restrictions. The TWM LLC Agreement generally does not permit transfers of LLC Interests by members, subject to limited exceptions. Any transferee of LLC Interests must assume, by operation of law or written agreement, all of the obligations of a transferring member with respect to the transferred units, even if the transferee is not admitted as a member of TWM LLC.

Dissolution. The TWM LLC Agreement provides that the decision of the manager (pursuant to a unanimous decision of our Board) together with the Majority Members (as defined in the TWM LLC Agreement) will be required to voluntarily dissolve TWM LLC. In addition to a voluntary dissolution, TWM LLC will be dissolved upon the entry of a decree of judicial dissolution or other circumstances in accordance with Delaware law. Upon a dissolution event, the proceeds of a liquidation will be distributed to satisfy all of TWM LLC's debts, liabilities and obligations (including all expenses incurred in liquidation) and the remaining assets of TWM LLC will be distributed to the members pro-rata in accordance with their respective percentage ownership interests in TWM LLC (as determined based on the number of LLC Interests held by a member relative to the aggregate number of all outstanding LLC Interests).

Confidentiality. Each member agrees to maintain the confidentiality of TWM LLC's confidential information. This obligation excludes (i) information that is independently obtained or developed by the members, (ii) information that is in the public domain or otherwise disclosed to a member not in violation of a confidentiality obligation and (iii) disclosures required by law or judicial process or approved by our or TWM LLC's chief executive officer, chief financial officer or general counsel.

Indemnification and Exculpation. The TWM LLC Agreement provides for indemnification of the manager and officers of TWM LLC and its subsidiaries. To the extent permitted by applicable law, TWM LLC will indemnify us, as its sole manager, and our authorized officers from and against any losses, liabilities, damages, expenses, fees or penalties incurred by any acts or omissions of these persons, provided that the acts or omissions of these indemnified persons are not the result of gross negligence, bad faith, willful misconduct or knowing violation of law, or for any present or future breaches of any representations, warranties, covenants or obligations in the TWM LLC Agreement or in the other agreements with TWM LLC.

We, as the sole manager of TWM LLC, and our affiliates and our respective agents, will not be liable to TWM LLC or its members for damages incurred by any acts or omissions of these persons, provided that the acts or omissions of these exculpated persons are not the result of bad faith, willful misconduct or knowing violation of law, or for any present or future breaches of any representations, warranties, covenants or obligations in the TWM LLC Agreement in the other agreements with TWM LLC.

Amendments. The TWM LLC Agreement may be amended with the consent of the holders of a majority in voting power of the outstanding LLC Interests, including the sole manager, and in case of any amendment that materially and adversely modifies the LLC Interests (or the rights, preferences or privileges thereof) then held by any members in any materially disproportionate manner to those then held by any other members, the consent of a majority in interest of such disproportionately affected members. Notwithstanding the foregoing, no amendment to any of the provisions that expressly require the approval or action of certain members may be made without the consent of such members and no amendment to the provisions governing the authority and actions of the sole manager or the dissolution of TWM LLC may be amended without the consent of the sole manager.

Tax Receivable Agreement

We expect to obtain an increase in our share of the tax basis of the assets of TWM LLC (i) when a Continuing LLC Owner receives shares of Class A common stock or Class B common stock, as applicable, or, at our election, cash in connection with an exercise of such Continuing LLC Owner's right to have its LLC Interests redeemed by TWM LLC or, at our election, exchanged and (ii) in connection with the disposition by a Continuing LLC Owner of its LLC Interests for cash, including in connection with the IPO and our October 2019 and April 2020 follow-on offerings (such basis increase, the "Basis Adjustments"). We intend to treat such acquisition of LLC Interests as our direct purchase of LLC Interests from a Continuing LLC Owner for U.S. federal income and other applicable tax purposes, regardless of whether such LLC Interests are redeemed by TWM LLC or sold to us. A Basis Adjustment may have the effect of reducing the amounts that we would otherwise pay in the future to various tax authorities. The Basis Adjustments may reduce our tax liability by increasing certain deductions (for example, our depreciation, depletion and amortization deductions) or decreasing gains (or increasing losses) on future dispositions of certain capital assets to the extent tax basis is allocated to those capital assets.

In connection with the IPO, we entered into the Tax Receivable Agreement (the "TRA") with TWM LLC and the Continuing LLC Owners. The TRA provides for the payment by us to the Continuing LLC Owners who dispose of LLC Interests for cash in connection with any offering, or receive shares of our Class A common stock or Class B common stock or cash, as applicable, in connection with an exchange or redemption of LLC Interests, of 50% of the amount of U.S. federal, state and local income or franchise tax savings, if any, that we actually realize, or in some circumstances are deemed to realize, as a result of the transactions with such Continuing LLC Owners, including increases in the tax basis of the assets of TWM LLC attributable to payments made under the TRA and deductions attributable to imputed interest and other payments of interest pursuant to the TRA. TWM LLC will have in effect an election under Section 754 of the Code effective for each taxable year in which a redemption or exchange of LLC Interests for shares of Class A common stock or Class B common stock, as applicable, or cash occurs. These TRA payments are not conditioned upon any continued ownership interest in either TWM LLC or us by any Continuing LLC Owner. The rights of each Continuing LLC Owner under the TRA are assignable to transferees of its LLC Interests (other than us as transferee pursuant to subsequent redemptions (or exchanges) of the transferred LLC Interests). We expect to benefit from the remaining 50% of tax benefits, if any, that we may actually realize.

The actual Basis Adjustments, as well as any amounts paid to the Continuing LLC Owners under the TRA, will vary depending on a number of factors, including:

- the timing of any subsequent redemptions or exchanges—for instance, the increase in any tax deductions will vary depending on the fair value, which may fluctuate over time, of the depreciable or amortizable assets of TWM LLC at the time of each redemption or exchange;
- the price of shares of the Class A common stock at the time of redemptions or exchanges—the Basis Adjustments, as well as any related increase in any tax deductions, is directly related to the price of shares of the Class A common stock at the time of each redemption or exchange; and
- the amount and timing of our income—the TRA generally will require us to pay 50% of the tax benefits as and when those benefits are treated as realized under the terms of the TRA. If we do not have taxable income, we generally will

[Table of Contents](#)

Certain Relationships and Related Person Transactions

not be required (absent a change in control or other circumstances requiring an early termination payment) to make payments under the TRA for that taxable year because no tax benefits will have been actually realized. However, any tax benefits that do not result in realized tax benefits in a given taxable year will likely generate tax attributes that may be utilized to generate tax benefits in future taxable years. The utilization of any such tax attributes will result in payments under the TRA.

For purposes of the TRA, cash savings in income and franchise tax will be computed by comparing our actual income and franchise tax liability to the amount of such taxes that we would have been required to pay (with an assumed tax rate for state and local tax purposes) had there been no Basis Adjustments and had the TRA not been entered into. The TRA will generally apply to each of our taxable years, beginning with the first taxable year ending after the IPO. There is no maximum term for the TRA; however, the TRA may be terminated by us pursuant to an early termination procedure that requires us to pay the Continuing LLC Owners an amount equal to the estimated present value of the remaining payments under the agreement (calculated based on certain assumptions, including regarding tax rates and utilization of the Basis Adjustments).

The payment obligations under the TRA are obligations of Tradeweb and not of TWM LLC. Although the actual timing and amount of any payments that may be made under the TRA will vary, we expect that the payments could be substantial. Any payments made by us to Continuing LLC Owners under the TRA will generally reduce the amount of overall cash flow that might have otherwise been available to us or to TWM LLC and, to the extent that we are unable to make payments under the TRA for any reason, the unpaid amounts generally will be deferred and will accrue interest until paid by us. Total amounts due to the Continuing LLC Owners as of December 31, 2025 under the TRA were \$336.5 million, substantially all due over the 15 years following the purchase of LLC Interests from Continuing LLC Owners or redemption or exchanges by Continuing LLC Owners of LLC Interests.

Decisions made by us in the course of running our business, such as with respect to mergers, asset sales, other forms of business combinations or other changes in control, may influence the timing and amount of payments that are received by a Continuing LLC Owner under the TRA. For example, the earlier disposition of assets following a transaction that results in a Basis Adjustment will generally accelerate payments under the TRA and increase the present value of such payments.

The TRA provides that if (i) we materially breach any of our material obligations under the TRA (including by failing to make payments thereunder when we have available cash to do so), (ii) certain change in control transactions were to occur or (iii) we elect an early termination of the TRA, our obligations, or our successor's obligations, under the TRA accelerate and become due and payable, based on certain assumptions, including an assumption that we have sufficient taxable income to fully utilize all potential future tax benefits that are subject to the TRA.

As a result, (i) we could be required to make cash payments to the Continuing LLC Owners that are greater than the specified percentage of the actual benefits we ultimately realize in respect of the tax benefits that are subject to the TRA and (ii) we would be required to make an immediate cash payment equal to the present value of the anticipated future tax benefits that are the subject of the TRA, which payment may be made significantly in advance of the actual realization, if any, of such future tax benefits.

In these situations, our obligations under the TRA could have a material adverse effect on our liquidity and could have the effect of delaying, deferring or preventing certain change in control transactions. There can be no assurance that we will be able to finance our obligations under the TRA.

Payments under the TRA will be based on the tax reporting positions that we determine. We will not be reimbursed for any cash payments previously made to any Continuing LLC Owner pursuant to the TRA if any tax benefits initially claimed by us are subsequently challenged by a taxing authority and ultimately disallowed. Instead, in such circumstances, any excess cash payments made by us to a Continuing LLC Owner will be netted against any future cash payments that we might otherwise be required to make under the terms of the TRA. However, we might not determine that we have effectively made an excess cash payment to the Continuing LLC Owners for a number of years following the initial time of such payment. As a result, it is possible that we could make cash payments under the TRA that are substantially greater than our actual cash tax savings.

Stockholders Agreement

In connection with the IPO, we entered into the Stockholders Agreement with the Refinitiv Owners. This agreement provides that, subject to applicable law, including the fiduciary duties of the Board, we will nominate a number of individuals designated by the Refinitiv Owners for election as our directors at any meeting of our stockholders (each a "Refinitiv Director") such that, upon the election of each such individual, and each other individual nominated by or at the direction of our Board or a duly authorized committee of the Board, as a director of our company, the number of Refinitiv Directors serving as directors of our company will be equal to: (i) if the Refinitiv Owners and their affiliates together continue to hold at least 50% of the combined voting power of our outstanding common stock as of the record date for such meeting, the total number of directors comprising our entire Board; (ii) if the Refinitiv Owners and their affiliates together continue to hold at least 40% (but less than 50%) of the combined voting power of our outstanding common stock as of the record date for such

meeting, the lowest whole number that is greater than 40% of the total number of directors comprising our Board; (iii) if the Refinitiv Owners and their affiliates together continue to beneficially own at least 30% (but less than 40%) of the combined voting power of our outstanding common stock as of the record date for such meeting, the lowest whole number that is greater than 30% of the total number of directors comprising our Board; (iv) if the Refinitiv Owners and their affiliates together continue to hold at least 20% (but less than 30%) of the combined voting power of our outstanding common stock as of the record date for such meeting, the lowest whole number that is greater than 20% of the total number of directors comprising our Board; and (v) if the Refinitiv Owners and their affiliates together continue to hold at least 10% (but less than 20%) of the combined voting power of our outstanding common stock as of the record date for such meeting, the lowest whole number (such number always being equal to or greater than one) that is greater than 10% of the total number of directors comprising our Board. In the case of a vacancy on our Board created by the removal, resignation or otherwise of a Refinitiv Director, the Stockholders Agreement, to the extent the Refinitiv Owners continue to be entitled to nominate such Refinitiv Director and to the extent permitted by applicable law, including the fiduciary duties of the Board and our governing documents, requires us to nominate an individual designated by the Refinitiv Owners for election to fill the vacancy. For so long as the Stockholders Agreement remains in effect, subject to applicable law, including the fiduciary duties of the Board, Refinitiv Directors may be removed only with the consent of the Refinitiv Owners. For more information regarding Refinitiv's director designation, information sharing and other rights, please see the full text of the Stockholders Agreement, which is available as Exhibit 10.1 to the 2025 Annual Report.

Registration Rights Agreement

In connection with the IPO, we entered into the Registration Rights Agreement with the Refinitiv Owners and the Bank Stockholders. Pursuant to the Registration Rights Agreement, we granted the Refinitiv Owners, the Bank Stockholders, their affiliates and certain of their transferees the right, under certain circumstances and subject to the terms of any lock-up agreement they have entered into and certain other restrictions, to require us to register under the Securities Act their shares of Class A common stock, including shares of Class A common stock received upon redemption or exchange of LLC Interests or exchange of shares of Class B common stock, which we refer to as "registrable shares". After registration pursuant to these rights, these shares of Class A common stock will become freely tradable without restriction under the Securities Act. As of March 20, 2026, there are no remaining Bank Stockholders.

Demand Rights: From time to time, the Refinitiv Owners may request that we register all or a portion of their registrable shares for sale under the Securities Act, including pursuant to a shelf registration statement (provided, in all cases, the aggregate number of registrable shares that are requested to be included in any such registration equals at least \$100.0 million). In addition, from time to time when a shelf registration statement is effective, the Refinitiv Owners may request that we facilitate a shelf takedown of all or a portion of their registrable shares (provided the aggregate number of registrable shares that are requested to be included in any such takedown equals at least \$100.0 million). We will not be required to effect the registration as requested by any of the Refinitiv Owners if in the good-faith judgment of our Board, such registration would materially interfere with certain existing or potential material transactions or events involving the company and should be delayed or is reasonably likely to require premature disclosure of information that could have a material adverse effect on us. These demand rights will also be subject to cutbacks, priorities and other limitations and exceptions.

Piggyback Registration Rights: In addition, if at any time we register any shares of the Class A common stock (other than pursuant to registrations on Form S-4 or Form S-8), the holders of registrable shares are entitled to include, subject to certain exceptions and limitations, all or a portion of their registrable shares in the registration. In the event that any registration in which the holders of registrable shares participate pursuant to the Registration Rights Agreement is an underwritten public offering, the number of registrable shares to be included may, in specified circumstances, be limited.

Other Provisions: We will pay all registration and offering expenses, including, among other things, reasonable fees and disbursements of a single special counsel for the participating holders of registrable shares related to any demand or piggyback registration. The Registration Rights Agreement contains customary cross-indemnification provisions, pursuant to which we are obligated to indemnify any selling stockholders in the event of material misstatements or omissions in the registration statement attributable to us and they are obligated to indemnify us for material misstatements or omissions in the registration statement attributable to them. The Registration Rights Agreement does not specify any cash penalties or other penalties associated with any delays in registering any shares.

INDEMNIFICATION AGREEMENTS

Our directors and executive officers are parties to indemnification agreements with us. These agreements require us to indemnify these individuals to the fullest extent permitted by Delaware law against liabilities that may arise by reason of their service to us and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors or executive officers, we have been informed that in the opinion of the SEC such indemnification is against public policy and is

therefore unenforceable. There is currently no pending material litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

Expenses of Solicitation

The accompanying proxy is solicited by and on behalf of the Board and the cost of such solicitation will be borne by the Company. Solicitations may be made by mail, personal interview, telephone and electronic communications by directors, officers and other Company employees without additional compensation. Broadridge Financial Solutions, Inc. will distribute proxy materials to banks, brokers and other nominees for forwarding to beneficial owners and will request brokerage houses and other custodians, nominees and fiduciaries to forward soliciting material to the beneficial owners of the common stock held on the record date by such persons. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their expenses in forwarding solicitation materials.

Other Matters

As of the date of this Proxy Statement there are no other matters that we intend to present, or have reason to believe others will present, at the Annual Meeting. If, however, other matters properly come before the Annual Meeting, the accompanying proxy authorizes the persons named as proxies or their substitutes to vote on such matters as they determine appropriate.

Proposals of Stockholders

Proposals of stockholders to be considered for inclusion in the proxy statement and proxy card for the 2027 Annual Meeting of Stockholders pursuant to Rule 14a-8 under the Exchange Act must be submitted in writing to the Chief Legal Officer of Tradeweb Markets Inc., at Tradeweb Markets Inc., 245 Park Avenue, New York, New York 10167 and must be received no later than November 26, 2026.

In addition, our Bylaws include advance notice provisions that require stockholders wishing to bring nominations for directors or other business before an annual meeting to provide proper notice in accordance with the terms of the advance notice provisions. The Bylaws' advance notice provisions do not apply if the stockholder only seeks to include such matters in the proxy statement pursuant to Rule 14a-8.

The Bylaws' advance notice provisions require that, among other things, stockholders give timely written notice to the Chief Legal Officer of the Company regarding such nominations or other business and provide the information and satisfy the other requirements set forth in the Bylaws. To be timely, a stockholder who intends to present nominations or a proposal at the 2027 Annual Meeting of Stockholders other than proposals pursuant to Rule 14a-8 must provide the information set forth in the Bylaws to the Chief Legal Officer of the Company no earlier than January 19, 2027 and no later than February 18, 2027. However, in the event that the date of the annual meeting of stockholders is advanced by more than 30 days, or delayed by more than 70 days, from the anniversary date of the previous year's annual meeting of stockholders, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 120th day prior to such Annual Meeting of Stockholders and not later than the close of business on the later of the 90th day prior to such annual meeting of stockholders or the 10th day following the day on which public announcement of the date of such annual meeting of stockholders is first made by the Company. If a stockholder fails to meet these deadlines and fails to satisfy the requirements of Rule 14a-4 under the Exchange Act, we may exercise discretionary voting authority under proxies we solicit to vote on any such proposal as we determine appropriate or disregard the nomination or proposal of business, as applicable. In addition to satisfying the deadlines and requirements set forth in the advance notice provisions of our Bylaws, a stockholder who intends to solicit proxies in support of nominees submitted under these advance notice provisions must provide the notice required under Rule 14a-19 that complies with requirements set forth in Rule 14a-19(b) to the Chief Legal Officer of the Company no later than March 22, 2027.

We reserve the right to reject, rule out of order or take other appropriate action with respect to any nomination or proposal that does not comply with these and other applicable requirements.

Householding; Availability of Annual Report on Form 10-K and Proxy Statement

A copy of the 2025 Annual Report accompanies this Proxy Statement. If you and others who share your mailing address own common stock in street name, meaning through a bank, brokerage firm or other nominee, you may have received a notice that your household will receive only one 2025 Annual Report and Proxy Statement or Notice, as applicable, from the Company. This practice, known as “householding”, is designed to reduce the volume of duplicate information and reduce printing and postage costs. Unless you responded that you did not want to participate in householding, you were deemed to have consented to it and a single copy of this Proxy Statement and the 2025 Annual Report (and/or a single copy of the Notice) has been sent to your address. Each street name stockholder receiving this Proxy Statement by mail will continue to receive a separate voting instruction form.

If you would like to revoke your consent to householding and in the future receive your own set of proxy materials (or your own Notice, as applicable), or if your household is currently receiving multiple copies of the same items and you would like in the future to receive only a single copy at your address, please contact the Householding Department by mail at Broadridge Householding Dept., 51 Mercedes Way, Edgewood, New York 11717 or by calling 1-866-540-7095 and indicate your name, the name of each of your brokerage firms or banks where your shares are held and your account numbers. The revocation of a consent to householding will be effective 30 days following its receipt. You will also have an opportunity to opt in or opt out of householding by contacting your bank or broker.

If you would like an additional copy of the 2025 Annual Report, this Proxy Statement or the Notice, these documents are available in digital form for download or review by visiting www.proxyvote.com. Alternatively, we will promptly send a copy of these documents to you without charge upon request by email to sendmaterial@proxyvote.com, or by calling 1-800-579-1639. Please note, however, that if you did not receive a printed copy of our proxy materials and you wish to receive a paper proxy card or voting instruction form or other proxy materials for the purposes of the Annual Meeting, you should follow the instructions included in your Notice.

If you own shares in street name, you can also register to receive all future stockholder communications electronically instead of in print. This means that links to the 2025 Annual Report, Proxy Statement and other correspondence will be delivered to you via email. Holders in street name can register for electronic delivery directly with their bank, brokerage firm or other nominee. Electronic delivery of stockholder communications helps save the Company money by reducing printing and postage costs.

Section 1.2 Subject to the rights of the holders of any one or more series of Preferred Stock then outstanding, the number of authorized shares of any class of the Common Stock or the Preferred Stock may be increased or decreased, ~~in each case by the affirmative~~ without a separate class vote of the holders of ~~a majority of the total voting power of the outstanding~~ shares of ~~capital stock of the Corporation entitled to vote thereon, voting together as a single class,~~ Common Stock or Preferred Stock irrespective of the provisions of Section 242(b)(2) of the DGCL (or any successor provision thereto), ~~and no vote of the holders of any class of the Common Stock or the Preferred Stock voting separately as a class will be required therefor.~~ For the avoidance of doubt, the Corporation does not intend by the foregoing sentence to opt out of the provisions of Section 242(d) of the DGCL, and intends that Section 242(d) be applicable to the Corporation. (ii) in the case of Class B Common Stock, the number of shares of Class B Common Stock issuable in connection with the redemption (or alternatively, exchange), pursuant to Article XI of the LLC Agreement, of all Common Units included in all outstanding Class D Paired Interests; and

ARTICLE VIII

(i) To the fullest extent permitted by the DGCL as it now exists or may hereafter be amended, a director or officer of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty owed to the Corporation or its stockholders.

(ii) Neither the amendment nor repeal of this Article VIII, nor the adoption of any provision of this Amended and Restated Certificate of Incorporation, nor, to the fullest extent permitted by the DGCL, any modification of law shall eliminate, reduce or otherwise adversely affect any right or protection of a current or former director or officer of the Corporation existing at the time of such amendment, repeal, adoption or modification.

Appendix B - Proposed Federal Forum Selection Amendment

Subject to approval by the requisite vote of stockholders of the Company, Section 12.2 of Article VII of the Certificate of Incorporation would be amended as follows, with additions indicated in green text with underlining and deletions to the Certificate of Incorporation indicated in red text with ~~strikeouts~~:

Section 12.2 Forum.

(i) Unless the Corporation, in writing, selects or consents ~~in writing~~ to the selection of an alternative forum, (1) any derivative action or proceeding brought on behalf of the Corporation, (2) any action asserting a claim of breach of a fiduciary duty owed by any current or former director, officer, stockholder or employee of the Corporation to the Corporation or the Corporation's stockholders, (3) any action asserting a claim against the Corporation or any director, officer or stockholder of the Corporation arising pursuant to any provision of the DGCL or this Amended and Restated Certificate of Incorporation or the Bylaws (as either may be amended and/or restated from time to time), or (4) any action asserting a claim governed by the internal affairs doctrine, shall, to the fullest extent permitted by law, be exclusively brought in the Court of Chancery of the State of Delaware or, if such court does not have subject matter jurisdiction thereof, the federal district court of the State of Delaware; provided, however, that the foregoing exclusive forum provision of this Section 12.2(i) shall not apply to any action brought to enforce any liability or duty created by the Exchange Act, ~~the Securities Act of 1933, as amended~~, or any other claim for which the federal courts have exclusive jurisdiction. In addition, unless the Corporation, in writing, selects or consents to the selection of an alternative forum, the sole and exclusive forum for any complaint asserting a cause of action arising under the Securities Act of 1933, as amended, to the fullest extent permitted by law, shall be the federal district courts of the United States of America.

(ii) To the fullest extent permitted by law, any Person purchasing or otherwise acquiring or holding any interest in any shares of capital stock of the Corporation shall be deemed to have notice of and to have consented to the provisions of this Section 12.2.
